Government Revenue

During December, Government revenue was VT 3,569.1 million which is 11.5 per cent more than forecast of VT 3,201.6 million. This is mainly due to higher collection from, Excise Beer Imports, Excise Other Imports, Excise Tobacco Products, Not Elsewhere Specified Import Duties and Live Fish Export than forecast. Total Government receipts so far in 2021 are VT 34,784.9 million, which is 94.5 per cent of the revised budget target of VT 36,807.2 million and is 2.2 per cent higher than the VT 34,030.3 million that was collected up to December last year. The decline relative to last year's collections has mainly been because the COVID-19 pandemic only affected revenue from March onwards in 2020, whereas it has affected collections every month so far in 2021. On average, collections at the end of December were just 5.5 per cent lower than forecast in each of the twelve months in 2021.

VAT continues to be the main source of the Government's taxation revenue, recording VT 696.6 million in December, which is 0.9 per cent more than forecast of VT 690.4 million. This makes a total VAT collection of VT 7,297.4 million so far this year, which represents 75.0 per cent of the annual budget target of VT 9,731.0 million, and 12.3 per cent higher than the amount that was collected up to the end of December last year (VT 6,495.5 million).

Taxes on international trade and transactions, constituting import and export duties, are the second main source of the Government's taxation revenue, collecting VT 637.5 million in December, which is 64.9 per cent higher than forecast of VT 386.6 million. The amount collected so far this year is VT 3,962.4 million, which is 7.4 per cent higher than the budget target of VT 3,690.7 million and 26.2 per cent more than the VT 3,139.8 million that was collected up to December last year. Excise tax collection was VT 479.0 million in December, 97.6 per cent more than forecast of VT 242.5 million; the total collected in these twelve months is thus VT 3,073.0 million, which is 26.2 per cent more than the budget target of VT 2,435.0 million and is 16.7 per cent more than the VT 2,633.4 million that was collected up to the end of December last year.

In terms of budget support, the Vanuatu Government received a transfer of VT 3,067.2 million, representing 84.6 per cent of the annual budget target of VT 3,625.6 million.

Among other revenue, constituting fees and charges, Vanuatu Development Support Program (VDSP) and Vanuatu Contribution Program (VCP) together collected VT 1,405.2 million in December, which is 1.7 per cent more than the forecast of VT 1,381.7 million. This makes a total of VT 12,851.0 million this year, which is 11.3 per cent more than the budget target of VT 11,549.4 million and is 10.5 per cent lower than the VT 14,354.1 million that was collected up to December last year.

Government Expenses

Government expenses were VT 4,118.1 million in December, which is 19.1 per cent more than the forecast of VT 3,458.5 million. The over spending compared to forecast this month was mainly due to higher -than-expected spending on Acting Allowances, Leave expenses, permanent wages, internet and satellite communications, General materials, incidentals, building repairs and maintenance, shipping subsidy, scholarship allowances and small business enterprise grant. Government expenses so far in 2021 come to VT 31,060.8 million, representing 87.1 per cent of the 2021 revised budget target of VT 35,644.3 million¹ and 3 per cent more than the VT 32,024.5 million that was spent during the same period in 2020.

On average, total Government expenses at the end of December were 12.9 per cent less than forecast in each of the twelve months in 2021. However, there are some major expenditure items that have been spend over the annual budget target, which include:

- Acting Allowances (VT 371.5 million against an annual budget of VT 74.8 million)
- On-call Allowance (VT 55.7 million against zero annual budget)
- Special Allowances (VT 268.3 million against an annual budget of VT 22.1 million)
- Local Accommodation (VT 343.4 million against an annual budget of VT 163.8 million)
- International Medical Treatment (VT 63.7 million against an annual budget of VT 15.4 million)
- Local Medical Treatment (VT 58.9 million against an annual budget of VT 8.9 million)
- Internet and Satellite Communications (VT 123.7 million against an annual budget of VT 30.2 million)
- General - Materials (VT 438.8 million against an annual budget of VT 243.6 million)
- Court Costs (VT 313.0 million against an annual budget of VT 269.9 million)
- Buildings Repairs & Maintenance (VT 351.5 million against an annual budget of VT 164.9 million)
- CBC Roads Repairs and Maintenance (VT 64.3 million against an annual budget of VT 28.2 million)
- NCB Roads Repairs and Maintenance (VT 47.0 million against an annual budget of VT 4.0 million)
- Other Suppliers (VT 140.6 million against an annual budget of VT 77.3 million)
- Local Travel (VT 510.5 million against an annual budget of VT 442.0 million)
- Government bonds interest (VT 526.8 million against an annual budget of VT 76.7 million)
- Shipping Subsidy (VT 149.7 million against an annual budget of VT 86.1 million)
- Termination Payment (VT 613.0 million against an annual budget of VT 545.0 million)

¹ The total Budget of VT 35,644.3 million also includes VT 1,033.8 rollover of unspent funds for first economic policy stimulus, VT 1,272.2 million for second policy stimulus, VT 70.6 million for 11th EDF and VT 574.4 million for first supplementary budget and VT 574.5 for the Emergency Supplementary Funds.

Government Acquisition of Non-Financial Assets

The Government spent a net amount of VT 527.4 million on acquiring fixed assets during December, 74.4 per cent more than forecast of VT 302.5 million. So far in 2021, the Government has spent a net amount of VT 1,627.0 million on acquisitions of fixed assets, which is 4.6 per cent more than the annual budget target of VT 1,555.6 million and 0.1 per cent more than the net amount spent by December last year (VT 1,625.2 million).

Government Transactions in Financial Assets and Liabilities

In December, the Government made no repayments of domestic debt and repaid VT 10.3 million worth of external debt. However, so far this year, the Government has repaid VT 908.6 million worth of domestic bonds and VT 3,163.7 million worth of external loans. This includes an advanced repayment (prepayment) of VT 2,000.0 million for external debt repayments made to the EXIM Bank of China, in addition to the scheduled debt service payments. This is in line with the budget target.

Development Budget Highlights

During December, VT 510.0 million worth of project grants were received from donors, bringing the total to so far this year to VT 9,466.7 million. This is 3.8 per cent more than the annual budget target of VT 9,123.3 million. Major contributing donors so far include Australia (VT 2,190.1 million), China (VT 1,577.7 million), the World Bank (VT 1,461.6 million) and New Zealand (VT 781.2 million). Other contributing donors are gratefully acknowledged.

So far this year, project grant expenses come to a total of VT 4,950.4 million which is equivalent to 54.3 per cent of the budget target of VT 9,123.3 million and is 34.0 per cent more than the VT 3,693.0 million spent during the same period last year.

Key Terminology

- **Net operating balance** is equal to revenue minus expenses and indicates whether the government is able to sustain its current level of operations.
- **Net lending/borrowing** is equal to the net operating balance minus net acquisition of nonfinancial assets and is often referred to as the fiscal surplus/deficit. It indicates whether the Government is taking out resources from or giving resources to the economy.
- **Expense** is a decrease in net worth resulting from a transaction.
- **Revenue** is an increase in net worth resulting from a transaction.
- **VAT (Value Added Tax)** is the tax on goods or services collected in stages by enterprises but ultimately charged in full to the final purchasers.
- **Interest payments and Grants** are paid on fixed dates as they are payments to external Government entities.
- **Taxes on international trade and transactions** are almost all import duties based on Cost, Insurance, and Freight (CIF) values.
- **Excise** is charged on goods sold in the country regardless of whether they were produced domestically or overseas.
- In terms of revenue from development partners, **project grants** are funds for donor-assisted projects provided by donors, held in the Government's central development fund account.
- **General budget support** is a transfer from donors directly to the Vanuatu Government's national treasury account to finance the Government budget. Funds transferred as budget support are managed in accordance with the Government's normal budgeting and financial management process and there is relatively little specification as to expenditure purposes or priorities by donors. This revenue still comes under grants, but is on the table called 'Statement of Government Operations Excluding Donors'.
- The **Government operations funded by donors** represent only revenue (in the form of project grants) and expenses to and from the Government's central development fund account. Some donors continue to operate outside the Government system so these numbers understate the total value of donor support to Vanuatu.
- **Net acquisition of domestic financial assets** is positive when the Government accumulates cash reserves and negative when it draws down its reserves or goes into its overdraft.
- **Net incurrence of domestic financial liabilities** is positive when Government bonds are raised through auction and negative when they are retired (paid out).
- **Net incurrence of external liabilities** is positive when the Government draws down external loans and negative when principal on these loans is repaid.
- **Compensation of employees** figures follow the Government paydays. The Government runs a fortnightly pay system.

Annex 1: Government Revenue Trend

Government revenue collected in December was higher than the budget target figure predicted through cash flow analysis of previous fiscal years (Figure 1). This is mainly due to higher collection from, Excise Beer Imports, Excise Other Imports, Excise Tobacco Products, Not Elsewhere Specified Import Duties and Live Fish Export than forecast.

Cumulative revenue flow (Figure 2) shows revenue collections against budget target.

Figure 1

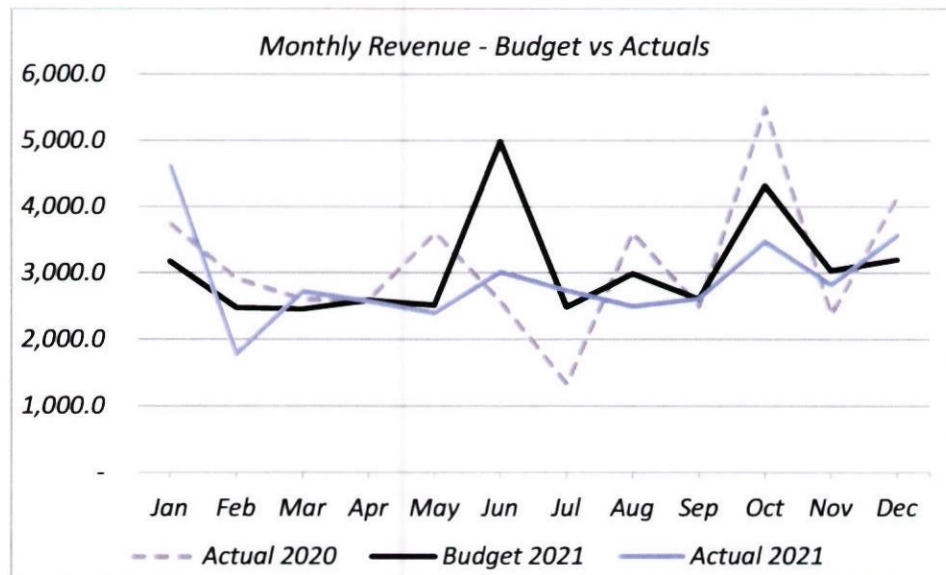

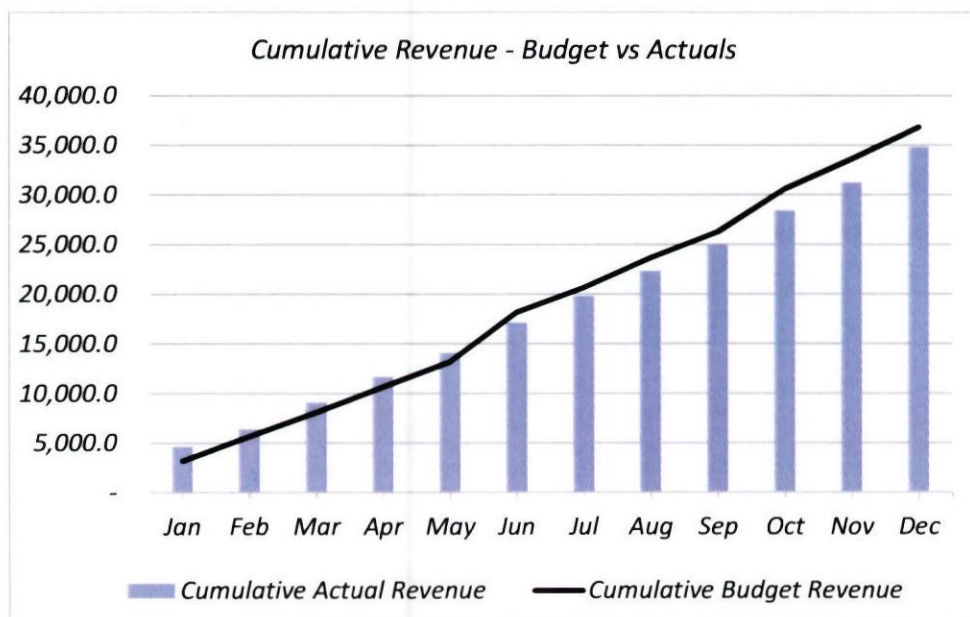

Figure 2

Annex 2: Expenditure Trend

Government expenditure (excluding donor funds) in December was higher than predicted through cash flow analysis of previous fiscal years, as shown by Figure 3. The over spending compared to forecast this month was mainly due to higher -than-expected spending on Acting Allowances, Leave expenses, permanent wages, internet and satellite communications, General materials, incidentals, building repairs and maintenance, shipping subsidy, scholarship allowances and small business enterprise grant.

The cumulative expenditure trend (Figure 4) shows overall expenses against budget target.
