INTRODUCTION AND BACKGROUND

Mr. Speaker,

Fellow Dominicans at home and in the diaspora, Colleagues, Friends, My Brothers and Sisters All,

I present the national Budget to this Honourable House and to the people of Dominica, conscious that this country has much for which it can give God thanks.

Today, to our nation and our people, like the Psalmist David I can say, *"I have never seen the righteous forsaken."* Ours continue to be a journey of faith, for which we are seeing the rewards. Moving forward in faith, against the headwinds caused by the most difficult global circumstances, including the COVID-19 pandemic and the war in Ukraine, this Administration has been innovative, creative, committed, and unyielding in building a resilient, **Dynamic Dominica**, transforming this country and empowering our people.

Today, through vision and relentless effort, through perseverance and hard work, through the sheer determination of our people, through the leadership of this Government, today.... a different Dominica has emerged; a new Dominica is being built, a more developed Dominica now exists, and **Dynamic Dominica** is within our reach!

So, while we are within touching distance, we must continue to stay focused, despite the adversities, despite the challenges. As a Government, as a people, we must continue to innovate and to use our resources creatively, with security and opportunities for our people being our absolute focus. It is with that realization, with all things considered, that I present this Budget under the theme: **Rising Above the Challenges; Seeing Beyond the Horizon; Embracing All Opportunities to Deliver Dynamic Dominica.** In this Budget therefore, I will speak to our achievements, our challenges and our determination to maximise the potential of our young people, to realise our promise to our seniors, public officers, farmers, the business community and other citizens, and to claim our future as a people and as a nation fighting to survive and succeed against unprecedented global turbulence.

PUTTING OUR PEOPLE FIRST

Mr. Speaker, this Government has had one core policy—to improve the circumstances of our people, in good times and in bad times. Against this background, I briefly review our solid achievements from the Fiscal Year 2021/22.

Achieving the Sustainable Development Goals for Our People

The Sustainable Development Goals (SDGs) are a set of 17 markers and goals for attaining sustainable development at the global level that focus on people, planet, prosperity, peace and partnership. The SDGs were developed by the member-countries of the United Nations in 2015, with a prospective target date of 2030. Our National Resilience Development Strategy (NRDS), and the Climate Resilience Recovery Plan (CRRP), are aligned with the SDGs and guide our interventions in many areas.

I am pleased to report that Dominica presented to the United Nations in 2022, its first Voluntary National Review on its progress towards achieving the SDGs. It shows that concrete action is being taken by Dominica to achieve these goals and this is in line with our objective of making Dominica world class, while leaving no-one behind as we press forward to **Dynamic Dominica**.

The Health and Wellness of Our People

Mr. Speaker this Government values the health and wellbeing of our people and this is why we have spared no effort to continuously improve the standard of health care available in this country. In the last Fiscal Year most of the resources of the Ministry of Health, Wellness and New Health Investment continued to be devoted to meeting expenditure related to the COVID-19 pandemic.

Our efforts to prevent, contain and treat this disease has been successful and the population has been able to go about its daily business in a safe environment with no further mass outbreaks. Vaccine coverage is now at 53 percent of the target population and a Digital Covid-19 vaccination card is available for ease of travel.

We have also made great progress in improving the health infrastructure in Dominica, an important component of the Dynamic Dominica that we are building.

The Dominica China Friendship Hospital is nearing completion. One component, the Brenda Stafford Foundation Eye Center, was commissioned in May 2022 and in the words of Dr. Hazel Shillingford Ricketts *"it promises to be a centre of excellence, not just in Dominica but for the region."* Mr. Speaker this is truly a center of excellence which is on par with any first world facility, providing a full suite of eye care services to our people. The Center has six examination rooms, its own operating theatre, and is equipped with modern high-tech equipment. These are amongst many other features, all of which will go a long way in ensuring the delivery of top-notch health care to patients.

Over the last Fiscal Year, the MRI and HIFU machines were commissioned, and staff of the hospital trained in operating them. The HIFU machine can be used to successfully treat some cancers, if detected early, and it allows for non-invasive treatments. In fact Mr. Speaker, since the commissioning of the HIFU machine, between March and July this year, 11 procedures have been performed.

The availability of these machines will help reduce the need for Dominicans to travel overseas for medical care and treatment. These are important enhancements to the quality of care available on island, which could mean the difference between life and death for many of our people. It also helps position Dominica as a hub within CARICOM for the provision of specialized services and as a means of boosting medical tourism.

We want to ensure that quality health care is available in a comfortable setting to everyone across this country. This is why we continue to make significant investments to improve our primary health care system, while at the same time improving secondary and tertiary care. To date we have completed the construction of twelve (12) new Health and Wellness Centers with funding from our Citizenship by Investment programme; and they are all in use. In addition, a new Health and Wellness Centre at Savanne Paille is now at an advanced stage of construction.

In the last Fiscal Year, we continued several projects which included repairs to existing health centers, the implementation of the OECS Regional Health Project focused on improving health facilities and strengthening lab services, public health surveillance and emergency management, and the completion of the PAHO SMART Retrofit Initiatives.

The new Marigot Hospital which began in January 2020 is now complete, and we are currently installing the medical equipment and furnishings. The new hospital allows for the decentralization of services, where patients will be offered a wider range of services. The presence of an ICU, Operating Theatre, Dialysis Unit, among many other features, will ensure that patients in the Marigot Health District can now access improved services in a timelier manner.

Mr. Speaker, all of these achievements and many that I have not mentioned, such as the investments in training of our doctors, nurses, community health aides as well as a new Hospital Authority are all part of a deliberate plan to ensure that Dominica offers the best health care possible to our people, comparable to developed countries.

Educating Our People

Mr. Speaker, the advances made in Education over the last decade have been tremendous. We are equipping our children from early childhood to the tertiary level to build Dynamic Dominica. This is being done by a deliberate policy of this Government, to make education from early childhood to college, accessible to every child in Dominica.

Despite the disruption caused by COVID-19 to in-person classes, we ensured that students across the country had access to online education through the distribution of over 12,000 digital devices.

Mr. Speaker, thanks to the assistance of the Canadian Government, rehabilitation works at a cost of \$4.4 million, were completed this year on the Delices, Morne Jaune, and Wills Strathmore Stevens primary schools.

The Grand Bay Primary School is also being renovated with funding from the Canadian Government. To date an amount of \$3.2 million has been spent. When completed, it will be renamed the Edward Registe Primary School in recognition of the great contribution that our fallen Comrade, former Member of Parliament and Minister, has made to the people of Grandbay and to this nation.

The Mahaut Primary School was also completed with funding from the CBI programme at a cost of \$7 million, and is ready to welcome students in the new academic year.

Mr. Speaker, our investments in education continue to bear fruit. Earlier this month 398 students graduated from the Dominica State College, while a total of 175 students graduated with degrees in several disciplines from universities around the world during the last Fiscal Year.

Our Public Officers

Mr. Speaker, Government continues to prioritise the transformation and modernisation of the Public Service. We realise that an agile, resilient and modern public sector is key to the efficient implementation of Government's development agenda, a national driver for doing business, facilitating investment and delivering services to our people.

Over the last year, although challenged by the COVID-19 pandemic, we moved closer to the completion of the Public Service Reclassification Exercise. A Job Analysis review and a Job Evaluation exercise was recently completed by a team of independent consultants. The Job Evaluation Report has been submitted to the consultant who is undertaking the final stage of this exercise, which is the Review of Compensation and Salary Structure. We are pleased that all the unions have been an integral part of the process.

Mr. Speaker, Government's promise to create opportunities for the upward mobility of teachers, with a corresponding increase in pay, counts as the most tangible and significant show of support to those working in the education sector. It also represents the fulfilment of a commitment I made to our teachers when I met with them in November 2019.

To date, the following secondary school positions have been filled:

- Fifteen Deputy Principals
- Seven Assistant Principals

- Forty-nine Senior Qualified Teachers
- Nineteen Senior Graduate Teachers
- Eleven School Counselors
- Sixty-two Heads of Departments

Mr. Speaker, a similar exercise has also commenced for Primary Schools.

This restructuring exercise, represents part of a broader commitment by this Government, to create opportunities for all public service employees, so that they can advance in their personal and professional lives and help build a stronger, more motivated, and resilient public service. A total of 143 public and police officers, received permanent appointments in the last Fiscal Year.

Mr. Speaker, in March 2021, Government signed a collective bargaining agreement with the unions for the period July 1, 2019 to June 30, 2022, which included a 1.25 percent salary increase and a one-off payment equivalent to one month's salary. I am pleased to report that in spite of the large unplanned expenditures as a result of the COVID-19 pandemic, Government has maintained its commitments to the unions, and the salary increases and the one-off payment have been effected.

Housing The People of this Nation

Mr. Speaker, this Government remains strongly committed to improving housing for all the people of this Nation, especially the most vulnerable. We are determined to achieve resilience in this sector. To that end, we have revised our building codes to ensure that new and renovated homes are structurally sound. We have supported our people in repairing and rebuilding their homes, and we are building new homes for our citizens. In the last Fiscal Year, 213 families were provided with keys to new resilient homes.

Housing Our Youth

On September 16, 2020, Government introduced yet another innovative and transformational programme for Dominicans 40 years and younger, a programme which provides \$10,000 to first-time home builders and purchasers of a home. I am delighted to inform this Honourable House that the impact of this programme on the youth has been tremendous. To date, the applications of two hundred (200) young people have been approved and disbursements continue to be made for the purchase of building materials, payment of land/property transfer fees, construction related services and labour costs.

A Sporting People

Mr. Speaker, our Government and our country continued to record achievements in sports development. We recognise that sports are an avenue for recreation, health and wellness, providing entertainment, a source of foreign exchange and personal earnings. We have therefore:

- Appointed a Task Force which has begun work on a framework for the establishment and operation of a Sports Council.
- Completed several sporting facilities across the island: the Massacre Indoor Facility; basketball hard courts at Bath Estate and Morne Prosper; continued work on the La Plaine and Woodford Hill Playing Fields, as well as on the Geneva Playing Field project in Grand Bay.

We successfully hosted the 2nd OECS/ECCB International Netball tournament at the new netball facility at the Windsor Park Sports Stadium in February 2022. In July, Dominica

proudly hosted International Cricket, at the Stadium, our first international match since Hurricane Maria in 2017. We were pleased with the exceptional reviews received from multiple stakeholders, including the players and the West Indies Cricket Board.

Mr. Speaker, apart from these achievements, many of our athletes excelled. We congratulate and salute these athletes including Thea Lafond, Trenesse Hamilton, Addison James and all those who contributed to their success. You have done us proud, and the Government is pleased to have been able to play its part.

Upliftment of Our Kalinago People

Mr. Speaker, this Labour Party Government's commitment to improving the lives of the Kalinago people cannot be denied. We are mindful of their challenges to access financing because of the communal land ownership system, which has limited opportunities for their personal development. Therefore, we have continuously implemented measures to enhance their way of life and ensure their sustainable development.

In fulfillment of our promise to the Kalinago people, the Kalinago Development Fund was established in March 2022 and was capitalized with \$860,000. That Fund will improve access to finance for Kalinagos resident in the Territory, address unemployment, allow them to create wealth and improve their living standards. As at June 13th 2022, 11 applications valued at \$369,123.33 were approved while 41 other applications were under consideration. An additional \$1.0 million will be placed in the Fund during this Fiscal Year as was promised in last year's Budget Address.

We are also ensuring that the resilience of our Kalinago people is strengthened in other ways. Construction of several homes are taking place throughout the Kalinago Territory.

Utilising our own funds and grant funding from the Canadian Government administered by the Caribbean Development Bank, a multipurpose Emergency Shelter will be built in Bataca to provide a safe haven for 150 persons in the event of any disaster. Designs have been completed and the tender process is expected to commence in the first quarter of the new Fiscal Year.

Dynamic Dominica will rest on a healthy, well educated, properly housed and happy population. In Dominica, this Government puts the people of this country first. Against every adversity and above all struggles, we are determined that the people of Dominica must advance.

PROGRESS TOWARDS ACHIEVING SUSTAINABLE DEVELOPMENT AND RESILIENCE

Agriculture

Mr. Speaker, agriculture is one of the most important sectors for the creation of employment, food security, sustaining rural livelihoods, and generating foreign exchange. This Government therefore continues to invest heavily to transform this sector through the implementation of deliberate and sustainable programmes and projects, to support livelihoods and increase the sector's resilience and overall contribution to GDP. I will now highlight some of our major achievements over the last year:-

- 1,573 acres of root crops, banana, plantain and vegetables were established;
- 107.3 acres of Tree Crops including cocoa, avocados and citrus were established;

- \$817,000 was spent to manage the spread of the Black Sigatoka Disease;
- 400 farmers benefitted from cash grants in the sum of \$500,000;
- Farmers received over 300,000 high-quality vegetable seedlings and 6,472 fruit tree seedlings propagated by the Chinese Technical mission;
- \$7.1 million was spent on agricultural tools, fertilisers and inputs to farmers;
- Building materials valued at \$1.0 million were provided to livestock farmers;

Mr. Speaker, we are fortunate in Dominica to have many friends supporting our transformation in agriculture, including the Governments of the People's Republic of China, Japan, Republic of Cuba, Kingdom of Morocco, and the Bolivarian Republic of Venezuela. Dominica is also privileged to have the unwavering support from hemispheric development partners such as FAO, IICA, Global Affairs Canada and UNDP, among others, who can identify with our challenges, needs and opportunities within the agricultural sector.

The Digital Economy

Mr. Speaker, as we move towards a digital Dominica and our goal to transform Dominica into one of the world's most digitally advanced societies, I can inform this House that our Digital Economy Strategy has been completed and approved by the Cabinet. This details our roadmap to achieve transformation, to deliver improved services and opportunities for our people.

We are working with some of the world's best experts in this process. A Technical Advisory Firm has been engaged to provide the Project Implementation Unit and other project counterparts with day-to-day support, to ensure that project activities will be carried out in the most efficient, cost-effective and well-coordinated manner.

A legal firm has also been engaged to review and update the laws and advise on policy changes that cover the digitalisation of public services and other digital transactions.

Even more exciting is the fact that many young people whom we have trained are receiving job opportunities. In the last Fiscal Year, we have trained 121 young people to improve their skills, knowledge and marketability to take advantage of the opportunities that exist online. They are now better equipped to participate in the gig economy.

Small Business

Mr. Speaker, the Small Business Enterprise Development Programme is the Government of Dominica's flagship mechanism for assisting micro, small, and medium enterprises (MSMEs). Its goal is to improve access to finance and technical assistance.

During Fiscal Year 2021/2022 we delivered on promises made in last year's Budget Address:

- We upgraded the services offered at the Small Business Support Unit by transforming the Unit into a One Stop Shop for all MSMEs inquiries, information, financing, and other services including technical support and advice.
- In March, Government placed \$27.8 million at the AID Bank to on-lend to small businesses at an interest rate of 3.50 percent. Sixty-seven (67) applicants have so far benefitted, receiving a total of \$4.3 million.

- In addition, 120 businesses have benefitted from grants to small agro-processors, manufacturers, app and software designers, health and wellness practitioners and businesses in the creative industries.

Tourism

Mr. Speaker, although the tourism sector was the hardest hit by the Covid 19 pandemic, we were not deterred. We strategized and reenergized the industry with innovative products. Our rebranding of the destination and progressive health protocols have contributed to an increase in total visitor arrivals. The early rebound of the sector is setting the pace for a promising outlook.

The resumption of cruise, ferry services and the introduction of daily direct flights from Miami to Dominica by American Airlines, have also helped to increased visitor arrivals with a positive impact on other sectors of the economy.

Mr. Speaker, arrivals by air in the 2021/2022 Fiscal Year tripled over that of the previous Fiscal Year, and we have already surpassed pre-Covid 19 numbers in the US source market. This pattern of growth shows the strong appeal of "Destination Dominica" and demonstrates that this country is on an upward trajectory.

Mr. Speaker, as part of our stated objective to ensure that the international airport project will further accelerate the transformation to **Dynamic Dominica**, we have been pursuing an aggressive route development programme, in parallel with the airport development. We have been proactively reaching out and engaging in preliminary discussions with over 20 airlines operating in the Caribbean region, including well known international carriers from North America and Europe.

Owing to successful talks with cruise lines, Government was able to secure 215 cruise calls to Dominica in the last Fiscal Year, the highest number in the last 5 years. Eleven (11) cruise ships made their inaugural call to Dominica and a total of 149,000 passengers went on tours. This has marked the revival of the cruise sector post COVID-19.

Such milestones, Mr. Speaker, signifies the resilience of our tourism industry, even when faced with the most severe effects of external shocks, extreme weather events and health emergencies.

Infrastructure

Mr. Speaker, robust infrastructure is essential for development and central to building resilience. We therefore continue to focus on building robust infrastructure and rehabilitation where required, to ensure that services and convenience are always afforded to our people, even in the advent of the worst storms.

Utilising funding from the United Kingdom Government, an assessment of the vulnerabilities of our water systems was undertaken and recommendations presented for building greater resilience. Final designs, cost estimates, and tender documents have been prepared for improved water systems on the East Coast, West Coast, Roseau Valley, and Calibishie. The tender process for these projects will begin shortly.

The Third Water Supply Project to improve water quality, water storage, and service continuity in Water Area 1 Network Upgrade also continued during last Fiscal Year. Water Area 1, located at Antrim, is DOWASCO's largest water system serving domestic, commercial, and industrial customers from Mero to Castle Comfort. As part of this Project,

a new laboratory was constructed and new equipment is being installed. In addition, two kilometres of 12-inch diameter transmission pipelines were installed along the Check Hall River from the new intake near Cochrane to the existing Springfield Intake. The total cost of this Project is \$33.0 million. These enhancements to the system will help maintain the quality and reliability of the water supply.

Additionally, a new \$3.0 million water supply project to improve the reliability of service to Morne Prosper is nearing completion. That new system will boost the volume of water supply and the reliability of service to the community of Morne Prosper, which typically experiences severe water shortages during the dry season. The project involves the construction of a new 60,000 imperial gallons storage tank, a pumping station in Wotten Waven, laying of a cross-country pumping line and distribution line upgrades.

Mr. Speaker, building resilience in our road infrastructure continued with work on the East Coast Road Project, which is valued at \$126.7 million. This Project commenced in April 2021 and continues to provide direct and indirect opportunities for employment, with spillover financial benefits for neighboring communities. Currently, 150 individuals are employed under the Project in various capacities – skilled and unskilled labourers, safety wardens, truck owners and drivers, to name a few.

Some of the other major roadworks undertaken in Fiscal Year 2021/2022 included:

- The Hillsborough, Layou East Bridge which was completed at a cost of \$9.0 million;
- The Layou Reconstruction and Rehabilitation Project commenced. It includes the construction of 4 kilometres of road from the Hillsborough Bridge to the York Valley Bridge, and the construction of river walls. The cost of the project is approximately \$18.0 million. It is currently 50 percent complete and is scheduled to be completed by December 2022;
- A 40-meter wall, to the east of the Colihaut Bridge was constructed, to protect residents along the riverbank. An 80-meter wall to the west of the bridge is substantially complete and will protect the lower part of the community.

In Dublanc a new bridge with a pedestrian walkway was also completed.

Mr. Speaker, a new state of the art building to house the Meteorological Office has been completed. It has been equipped, furnished and will be commissioned by September 2022. The High Court and Registry have been relocated to their new location on the 3rd Floor of the Post Office Building on Dame Mary Eugenia Charles Boulevard.

In addition, two Regional Emergency Shelters were officially opened in May 2022, at Jimmit and Castle Bruce. These are fully funded by the European Union to the tune of \$32.0 million. Together these two shelters can accommodate 800 individuals. We thank the European Union for their most valuable contribution to improving the safety of our people.

International Airport - Mr. Speaker, last year we commenced works on Government's top priority project, the International Airport. Although still in its relatively early stages, there are visible signs of its positive impact on the people of the Wesley and Woodford Hill area. Twenty-four million dollars (\$24 million) has already been paid by way of compensation to over 130 property owners. Affected residents who chose to receive a home instead of a cash payment have begun receiving keys to their new homes at Joe Burton in Wesley, and lands have been reallocated to other property owners who opted for land swap.

Mr. Speaker, to date, we have made significant progress on this Project. The Airport soils laboratory has been completed and is fully equipped. Construction of the project office has also commenced. That office will include accommodation for the Project Team.

The environmental and social impact assessment has been completed and the geotechnical studies are ongoing. Driven by the findings and recommendations of the environmental and social impact assessment several upgrades have been made to the project masterplan to better reflect changes which would reduce the impact on the environment.

After a very rigorous tender process, I am happy to announce that China Railway No. 5 Engineering Group Co. (CR5) has been selected as the main contractor for the construction of the International Airport. CR5 is a reputable firm with extensive experience and a successful track record in the execution of major transport projects, including subway and railway lines, roads and airports in the Caribbean, Africa, Europe and Asia. Based on the revised project timeline, the Airport will be completed and commissioned by November 2026.

Infrastructure and sectoral development are not end goals in themselves. This Administration is using them to make lives better, improve the country and ensure people-centred development.

ECONOMIC PERFORMANCE

Mr. Speaker, in spite of the lingering COVID-19 pandemic, the local economy showed strong signs of recovery in 2021. This was confirmed by the International Monetary Fund's Regional Economic Outlook (REO) for the Western Hemisphere in April 2022. According to the REO, real output in Dominica expanded by 3.7 percent in sharp contrast to a double-digit decline of 11.0 per cent recorded in 2020. The rebound of the economy in 2021 was led by strong growth of 36.5 per cent in the construction sector, with contributions from other productive sectors. In 2021, consistent with the strong performance of the construction sector coupled with the increase in economic activity, value added in the wholesale and retail trade and the transport and storage sectors rose by 8 per cent and 3 per cent respectively. Real output in the agriculture sector continued to rise in 2021.

For 2022, the IMF has projected a further growth of 6.8 per cent for Dominica. This would bring total growth for 2021 and 2022 to 10.5 percent—which would take economic activities back to pre-COVID-19 level.

FISCAL PERFORMANCE

The operations of Central Government in Fiscal Year 2021/2022 have resulted in a primary deficit of 5.5 percent of GDP, compared to a deficit equivalent to 5.8 percent of GDP in the previous year.

Tax revenue grew by 4.4 percent in Fiscal Year 2021/2022 over that of the previous year. Increases were recorded in collections from taxes on domestic goods and services, and taxes on international trade and transactions, whilst there were reductions in revenues from both corporate income tax and property taxes. Non-tax revenue inflows, mainly from the CBI, have remained strong amounting to \$475.2 million.

Recurrent expenditure increased by 12.5 percent between the two periods owing mainly to a 20.5 percent increase in expenditure on goods and services.

During Fiscal Year 2021/2022, Government invested a total of \$380.8 million despite numerous demands on its resources caused largely by the pandemic.

The table below summarizes the fiscal outturn for Fiscal Year 2021/2022 with comparative figures for Fiscal Year 2020/2021 as well as the budget for Fiscal Year 2021/2022.

Table 1. Outturn for 2021/22 vs. Budget Estimates for 2021/22 and Actual for 2020/21 (\$EC Millions)

	Actual Outturn 2020/21	Budget Estimate 2021/22	Actual Outturn 2021/22
Total Revenue + Grants	876.4	978.2	873.4
Total Revenue	813.7	853.3	823.3
Recurrent Revenue	811.8	848.2	823.2
Tax Revenue	333.3	355.8	348.0
Non-Tax Revenue	478.4	492.4	475.2
Capital Revenue	1.9	5.1	0.1
Grants	62.8	124.9	50.1
Total Expenditure	994.2	1,023.3	1,002.7
Recurrent Expenditure	553.3	584.9	622.2
Capital Expenditure + Net Lending	440.9	438.4	380.5
Capital Expenditure	441.2	438.9	380.8
Current Account Balance	258.5	263.2	201.0
Overall Balance	-117.7	(45.1)	(129.3)
Overall Balance % GDP	-7.8	(2.7)	(7.8)
Primary Balance	-87.4	(10.1)	(90.5)
Primary Balance %GDP	-5.8	(0.6)	(5.5)
Nominal GDP at Market Prices	1,519.0	1,649.0	1,649.0

Source: Ministry of Finance

Debt Overview

Mr. Speaker, as at June 30, 2022, Public Sector external debt stood at \$951.8 million, of which \$869.6 million was Central Government's debt while \$82.2 million is debt guaranteed for statutory bodies. Domestic debt at that same time was \$645.5 million: \$580.3 million is held by Central Government and \$65.2 million is guaranteed for statutory corporations.

We have largely met the requirements of our Medium-Term Debt Strategy (MTDS) and all debts were serviced on time.

BUDGET PROPOSAL FOR 2022/2023

Mr. Speaker, the budget proposal for Fiscal Year 2022/2023 is predicated on four pillars: (1) fiscal resilience and consolidation, (2) investments for resilience, growth and sustainable development, (3) citizens well-being, and (4) and partnerships for resilience and sustainable growth.

PILLAR 1

FISCAL RESILIENCE AND CONSOLIDATION

Mr. Speaker, the estimates of revenue and expenditure which I will present shortly, take into account the need to continue our fiscal consolidation and financial resilience efforts. Our fiscal consolidation plan includes focusing on expenditure efficiency and increasing tax collections. We have recently put in place robust frameworks including new public procurement legislation and fiscal rules to support expenditure efficiency. To support our financial resilience programme, we have developed a disaster risk financing strategy and new disaster financing instruments, including the Vulnerability Risk and Resilience Fund with savings now at \$11.0 million.

On the revenue side, we intend to strengthen tax administration, including taxpayer education, collection of arrears and auditing of tax returns to ensure accurate reporting as a means of increased revenue collection. During this Fiscal Year, we will also earmark a percentage of Citizenship-by-Investment (CBI) revenue for debt repayment.

The outlook for Fiscal Year 2022/2023, suggests a slight improvement in Government's fiscal position with the primary deficit moving to 4.7 percent of GDP owing to expected increases in revenue.

We are in the process of finalizing the Medium-Term Debt Strategy for the three-year period 2022 to 2025, and the Debt Portfolio Review for 2021 is on schedule to be completed and published by September 30, 2022.

Beginning this Fiscal Year, in order to improve management, governance, accountability and transparency, Government will implement a new reporting and monitoring system for State Owned Enterprises (SOEs). They will be mandated to submit quarterly, and annual financial reports based on approved standards. These reports will be reviewed by a Monitoring and Oversight Committee which will report its findings to the Cabinet.

Estimates of Revenue and Expenditure for Fiscal Year 2022/2023

Total revenues are estimated at \$1.13 billion and consist of the following:

- recurrent revenue in the amount of \$896.2 million;
- local capital revenue totaling \$5.1 million;
- receipts from loans in the amount of \$77.1 million;
- grant resources in the sum of \$155.17 million;

Recurrent Revenue

In the Fiscal Year 2022/2023, non-tax revenue is estimated at \$513.8 million or 57.3 per cent of the total recurrent revenue. This is predominantly receipts from the Citizenship by Investment Programme. Mr. Speaker, despite the exogenous shocks affecting the global market the programme has withstood all adversities and continues to provide an avenue for sustainable development and resilience building.

Mr. Speaker had this Administration not restructured the CBI, our citizens would have had to shoulder a much heavier tax burden and many of the development programmes which have taken this country forward so rapidly, could not have otherwise been put in place.

Total tax revenue is forecast at \$382.5 million or 43 per cent of total revenue with Value Added Tax contributing \$161.9 million. Mr. Speaker, the sums of \$87.2 million and \$66.4 million are expected to come from taxes on international trade and transactions and taxes on other domestic goods and services respectively. Personal Income Tax and Corporate Tax will collectively contribute 6.5 percent to the total recurrent revenue, while taxes on property amount to \$8.9 million.

Mr. Speaker, the components of recurrent revenue are depicted in Table 1.

Table 1: Breakdown of Recurrent Revenue

Item	Estimates FY 2022/2023	%	Estimates FY 2021/2022		Forecast FY 2021/2022	%
Tax Revenue	382.5	43%	360.8	42%	351.6	42%
Personal Income Tax	31.9	3.6%	30.9	3.6%	29.3	3.6%
Corporate Income Tax	26.3	2.9%	33.7	3.95%	24.1	4.0%
Taxes on Property	8.9	1.0%	10.2	1.2%	8.1	1.2%

Total Revenue	896.2	100%	853.1	100%	824.6	100%

Recurrent Expenditures

Fiscal Year 2022/23 will see a drastic increase in total expenditure reflecting the implementation of a transformative Capital Programme.

Total expenditure is estimated at \$1.2 billion. Of this amount, \$650.0 million is earmarked for recurrent expenditure (inclusive of debt amortization and interest) while \$566.4 million will be allocated to capital expenses.

Total recurrent expenditure for the Fiscal Year 2022/2023 is equivalent to the amount approved for the previous Fiscal Year 2020/2021 bearing in mind the need for fiscal consolidation.

Table 2: Recurrent Expenditure by Ministry/Department

Ministry/Department	Amount (000's m)	%
Office of the President	1.0	0.2%
Integrity in Public Office	0.6	0.1%
Public and Police Service Commission	0.5	0.1%
Legislature	1.2	0.2%
Audit Department	1.1	0.2%
National Security and Home Affairs	61.1	9.4%
Elections	2.5	0.4%
Trade, Commerce, Entrepreneurship, Innovation, Business and Export Development	2.3	0.3%
Office of the Prime Minister	12.4	1.9%
Finance	258.1	39.7%
Blue and Green Economy, Agriculture and National Food Security	8.2	1.3%
Education, Human Resource Planning, Vocational Training and National Excellence	78.8	12.1%
Housing and Urban Development	3.8	0.6%
Health, Wellness and New Health Investment	59.3	9.1%
Environment, Rural Modernization and Kalinago Upliftment	8.1	1.2%
Tourism, International Transport and Maritime Initiatives	17.3	2.7%
Sports, Culture & Community Development	12.4	1.9%
Planning, Economic Development, Climate Resilience, Sustainable Development and Renewable Energy	2.9	0.4%
Establishment	10.5	1.6%
Public Works and the Digital Economy	65.0	10.0%
Foreign Affairs, International Business and Diaspora Relations	19.4	3.0%
Cabinet Office	3.3	0.5%
Youth Development and Empowerment, Youth at Risk, Gender Affairs, Seniors Security and Dominicans with Disabilities	18.2	2.8%
Governance, Public Service Reform, Citizen Empowerment, Social Justice and Ecclesiastical Affairs	2.0	0.3%
GRAND TOTAL	650.0	100.0%

Mr. Speaker, the largest allocation of the recurrent estimate is under the Ministry of Finance in the amount of \$258.1 million. Of this amount, \$96.1 million is allocated to debt service payments, \$42.7 million is appropriated for retirement benefits, which includes payment of gratuities, pensions, compassionate allowances, contractual gratuities and non-contributory pensions.

The Ministry of Education, Human Resource Planning, Vocational Training and National Excellence will receive the second highest allocation of \$78.8 million. Mr. Speaker, this Government continues to invest in our human capital recognizing the importance of education to economic development, social stability, citizen empowerment and upward mobility.

The Ministry of Public Works and the Digital Economy has the third largest allocation in the sum of \$65.0 million. The allocation has been increased to facilitate the increased cost of road maintenance and electricity.

The Ministry of National Security and Home Affairs will receive an allocation of \$61.1 million, or 9.4 per cent of the total recurrent budget. This higher budgetary allocation will, in part, finance the transition to the e-passports, enabling our citizens to travel securely through borders.

The Ministry of Health, Wellness and New Health Investment will receive \$59.3 million or 9.1 per cent of the total recurrent budgetary allocation.

Table 3 below provides a summary of recurrent expenditure by economic classification.

Recurrent Expenditure by Economic Classification (\$M)

Mr. Speaker, the allocation of \$250.8 million for goods and services accounts for 39 per cent of total current expenditure. The sum of \$160.7 million or 25% is estimated to meet the cost of personal emoluments. The sum of \$135.4 million is estimated for retirement benefits and transfers and subsidies, which comprise public assistance, grants and contributions to local, regional and international institutions. Mr. Speaker, the Government of Dominica will continue to service its debt obligations in a timely manner. In this regard, \$37.3 million has been allocated to interest payments while \$59.2 million is estimated for debt amortization and contribution to the sinking fund.

Capital Expenditure Budget by Ministry

MINISTRY	Total
Office of the President	1,072,004
National Security and Home Affairs	7,894,823
Elections	1,250,000
Trade, Commerce, Entrepreneurship, Innovation, Business and Export Development	16,083,331
Office of the Prime Minister	97,169,000
Finance	17,346,333

Cabinet Office	2,316,000
Youth Development and Empowerment, Youth at Risk, Gender Affairs, Seniors Security and Dominicans with Disabilities	3,487,973
Governance, Public Service Reform, Citizen Empowerment, Social Justice and Ecclesiastical Affairs	12,121,262
Total	566,436,985

Fiscal resilience and consolidation are intended to build a sustainable economic growth for our people and country.

PILLAR 2

INVESTMENTS FOR RESILIENCE, GROWTH, AND SUSTAINABLE DEVELOPMENT

Mr. Speaker, this year's Budget features major investments in infrastructure projects that will create jobs in Agriculture, Commerce, Tourism, Renewable Energy, Small Business and the Digital Economy.

Infrastructure Development

During this Fiscal Year, Government will continue to invest in building robust and resilient infrastructure to ensure the safety of our people, enhance the aesthetics of the country, improve access and connectivity, increase social interaction across communities, and support the economic development of our country.

Mr. Speaker, we are all aware of Dominica's challenging terrain which makes it sometimes five times more expensive to construct one mile of road, compared to our neighbors. In addition, we have higher rainfall than most, but no one can deny we have some of the best roads in the region. That notwithstanding, we will continue to invest in further improvements to make all of our roads more resilient to disasters.

Roads

This year, we will see the completion of the \$18 million Layou East Road project with a new and improved road alignment. This new road will improve connectivity between the West and East Coasts and expand opportunities in the agriculture and tourism sectors.

The \$126 million rehabilitation of the East Coast Road from Bois Diable through Castle Bruce and the Kalinago Territory and into Hatton Garden is scheduled to be completed by June 2023. Once completed, Dominicans, and in particular, the people of the east will drive comfortably on a resilient highway that is much wider and safer, with several new bridges and water crossings, and lighting.

In this Fiscal Year, we will also reconstruct the Wotten Waven/Morne Prosper link road. The previously used section of road leading to Wotten Waven was destroyed by Hurricane Maria and the current instability of the high cliffs poses a challenge for the safe and economical rehabilitation of the area. Retaining walls will be constructed along the bypass to allow for the widening of corners along with the construction of a new box bridge to improve the road's overall alignment. The estimated cost of this project is \$3 million.

With respect to the Loubiere to Bagatelle Road project, I am happy to report to the people of the south that the tender process is nearing completion. We are in final discussions with a contractor, and it is expected that a contract will be awarded for the works no later than September 2022. This means that work should begin before the end of this calendar year. The project will include the replacement of all the bridges from Loubiere to Grand Bay, road realignment and widening and a new drainage system as well as construction of a new Bridge at Mitchum.

The Roseau Enhancement Programme continues this Fiscal Year with the reconstruction of Great George Street, which will commence by September this year.

This Government, working hand in hand with our people, continues to transform the landscape of the City of Roseau. I take this opportunity to applaud the efforts of the many citizens and residents of Dominica who have answered the call of the Government

to help transform the City. Over the past five years, we have seen the emergence of several new and attractively designed buildings throughout the City owned mainly by our Dominica people who continue to reside, work and reinvest their earnings here in Dominica.

Mr. Speaker, other major road projects to be undertaken this year include:

- Commencement of works on a massive retaining wall at Belles
- The rehabilitation of road edge failures along the Imperial Road and the Dr Nicholas Liverpool Highway;
- The procurement and installation of 3,750 meters of safety guard rails;
- The reconstruction of 50 meters of sea defense wall and the rehabilitation of 75 meters of the road at Scotts Head;

Water Resource Management

In September 2022, capital works are expected to commence on various projects and capacity-strengthening interventions under the Water Sector Strategic Development Project. This will be undertaken at a total cost of \$107 million utilising grant funds from the Government of the United Kingdom.

The primary goal of this Project is to build climate resilience in the water sector and will include substantial replacement of infrastructure and supply pipelines. Approximately 17,000 residents, will all benefit from improved water services.

Further, the proposed projects shall provide direct employment to at least 200 residents during the construction periods. The tourism, housing, and agricultural sectors will be impacted positively by the successful implementation of this Project.

In addition, new water intakes, water treatment plants, storage tanks, and the installation of associated pipelines will be constructed. The commissioning of these new facilities will result in vast improvements in water service reliability, in the communities of Capuchin, Dublanc, Bioche, Colihaut, Salisbury, Calibishie, Castle Bruce, Grand Fond, Morne Jaune, Riviere Cyrique, Shawford, Trafalgar, Fond Cani, Copt Hall, and Wotten Waven.

Meanwhile, water intake and access upgrade works, a new pumping system, and construction of a new storage tank at a higher elevation to serve the communities of Paix Bouche, Moore Park, Dos D'Ane, and Borne areas will commence this year under the Caribbean Development Bank Basic Needs Trust Fund 10 Programme. The estimated cost of this Project is \$1.88 million. These major interventions will improve the overall efficiency and reliability of the Paix Bouche Water System.

Ports

Mr. Speaker, in recent times we have been seeing increased activity at the Anse de Mai Port. The current traffic has outgrown the facility and even more activity is expected as Government constructs the international airport. In this Fiscal Year, Government will commence the construction of a new jetty, a protected bay using rock armour, a slipway to get the boats to safety, customs and immigration offices, improved commercial spaces for local residents and the enhancement of the fisheries locker rooms among other improvements. Designs have been completed and an invitation to tender for the works will be issued shortly. It is anticipated that works on this new Port will commence no later than the first quarter of calendar year 2023.

Administrative Complex for Portsmouth

Mr. Speaker, decentralising Government services is an important component of a more resilient, more progressive Dominica. In this Fiscal Year, Government will construct a modern administrative complex in Portsmouth. This Complex will support the provision of increased public services to the North of the island, provide improved accommodation for public officers and the general public accessing services.

The new Complex will accommodate all of Government's financial services in the North including the sub-treasury, Dominica Social Security, and Inland Revenue. It will also include the Portsmouth Town Council, Government offices, conference, training and meeting rooms, among others.

A parking lot and a bypass road will also be constructed to facilitate access, and lands have been acquired for this project. The designs have been completed and in the coming weeks, the community will be further engaged on the proposed plans for this project.

The International Airport

Mr. Speaker, work on the International Airport has commenced, and this major Project will be delivered to the people of Dominica by 2026. We have selected the right partner, to ensure that this becomes a reality.

During this Fiscal Year we look forward to the following key milestones:

- The completion of mobilization for the commencement of work,
- construction of culverts for waterways;
- Commencing earthworks by the end of this year; and
- Cut and fill activities to level the site

The development of this Airport will increase opportunities for contractors, construction workers, engineers, plumbers, electricians, and other service providers. Due to the high volume of work, the supplies which will be required, as well as the expected high level of employment, many people and businesses in Dominica are expected to benefit during the construction of the International Airport.

Mr. Speaker, as I have said before, this airport will be a game changer for Dominica and its people.

I continue to call on Dominicans to equip themselves for the opportunities which will be available once the Airport is operational. I encourage students to begin pursuing relevant fields of study that will position them to take advantage of employment opportunities as air traffic controllers, specialized equipment maintenance personnel, firefighters, customs, immigration, and security officers among others.

Tourism

Mr. Speaker, earlier this month, Dominica was ranked by Travel and Leisure Magazine, as the Best Island in the Caribbean for 2022. In this ranking, Dominica is described in these words, "anything-but-average island lures eco-travelers with a jumble of rain forests, volcanoes, hot springs, thunderous waterfalls, and black-sand beaches. It has an undiscovered quality that can be rare not only in the region, but the world over. It's a dream for hikers, snorkelers, and all kinds of adventurers, but the island also offers

Secret Bay."

Mr. Speaker, this Government will continue to invest in the Tourism industry to position Dominica as a World Class Sustainable Tourism destination. This year, special focus will be given to four key areas:

1. Product Development;
2. Marketing - Re-imaging and Repositioning of the Tourism Industry;
3. Access;
4. Visitor Experience including
 - a. Capacity Building/ Training
 - b. Beautification and Restoration of the EnvironmentProduct

Development

To ensure that Dominica continues to deliver a top-rated experience to our visitors, Government will continue to invest in upgrades, maintenance, and modernization of our main sites and attractions. In this fiscal year, five of our top attraction sites: Titou Gorge, Trafalgar Falls, Emerald Pool, Champagne, and Morne Bruce will be upgraded as we aim to ensure that our facilities provide quality services and the amenities and ambience to enhance guest experiences.

We will continue to invest in Community Tourism in a number of areas including:

- supporting local groups,
- upgrading sites and attractions,
- assisting with marketing, and packaging of community tourism offerings,
- boosting village festivals to improve the livelihoods of smaller tourism service providers at the community level.

Our goal is to ensure that all Small Tourism Enterprises have a digital footprint so they can be easily discovered by visitors.

Mr. Speaker, the culture and the way of life of our indigenous people are an essential aspect of our tourism product offering. This Government having recognized this tremendous potential, established a task force to develop an action plan for the enhancement of the Kalinago Tourism product, with the aim to launch the 'Kalinago Pillar in this fiscal year. Towards this end, 350,000 has been allocated for the enhancement of the physical infrastructure, marketing support and creative tour packages. We are optimistic that not only will we augment our visitors experience but also increase the economic well-being of our Kalinago people.

Mr. Speaker, Dominica's cultural heritage is integral to our high-quality tourism product and distinguishes our island from other tourism destinations. We are looking forward to the hosting of our internationally acclaimed, World Creole Music Festival and Dominica's Carnival, The Real Mas, after a two-year hiatus due to COVID-19.

One of the largest cable car projects in the world will be constructed in Dominica from Laudat to the Boiling Lake, with an investment cost of \$148.5 million. On completion many who were unable to visit the Boiling Lake either due to time constraints or physical challenges will be able to visit this amazing attraction. The project will create direct jobs on the cable car operations, which include customer service representatives, operators, mechanics, tour guides, trail and facility maintenance. In addition, there will be new opportunities for taxi services, selling booths for local restaurants, and other services.

Marketing - Re-imaging and Repositioning of the Tourism Industry

Mr. Speaker, this Government will continue to position Dominica as a destination of choice for eco-tourism, sporting events, festivals, cultural activities, and conferences. The rave

reviews we received from the successful hosting of a thrilling weekend of International Cricket earlier this month reinforces the opportunities to make Dominica one of the best sporting venues in the Caribbean.

We have refocused our marketing strategy to particularly highlight our key attributes as a Nature Island under 5 areas of focus: Aqua, Health and wellness, Agrotourism, Adventure, and Festivals and Events. Two additional areas will be established in this financial year - Kalinago Tourism Development and Romance in Nature.

Access

Upon completion of the International Airport, access to Dominica will improve significantly which will further increase tourism arrivals and trade, leading to economic growth and job creation. While the airport is being constructed, we will continue to improve connectivity to Dominica through our main ports of entry. To accomplish this, we will continue discussions with targeted airlines to increase the options for convenient travel to Dominica. Advances in air access to Dominica is complemented by the rapidly growing hotel sector. By the end of 2023, we anticipate that 498 new hotel rooms will be added to our hotel capacity.

Visitor Experience

Capacity Building/ Training

Mr. Speaker, in an effort to prepare tourism service providers for the growth in this sector, this year, priority will be given customer service training to enhance visitor experience. Guest experience is critical to expanding the industry. Therefore, it is important that tourism stakeholders, including workers in the industry, see themselves as ambassadors of our country in performing their functions.

Environment - Beautification and Restoration

Another key aspect of our resilience strategy is our sharp focus on national replanting and beautification which enhances the tourism product. We have embarked on a National Highway Land Restoration and Beautification Project to beautify our highways while paying close attention to replanting trees which act as buffers to land slippage, trees which count towards reducing our carbon footprint (reforestation) and fruit trees which can contribute to food security. This will be done on a phased basis, focusing on the E. O Leblanc Highway to be followed by the Imperial Road—that is, from Canefield to Douglas Charles Airport.

Additionally, we will continue to strive towards reducing our carbon footprint throughout the entire tourism supply chain by being more deliberate in our choices of packaging materials, construction practices, and use of renewable energy.

Mr. Speaker, as we pursue this goal of an iconic, sustainable, world class destination, I wish to stress the importance of how our everyday actions as citizens impact the tourism product. We all have a role to play, to ensure that we provide a memorable visitor experience which exceeds guest expectation. Our country must be kept clean and we must all continue to offer the warm Dominican hospitality to our fellow citizens and visitors. We must all embody the mantra that tourism is everybody's business.

The abovementioned interventions will all ensure that the Nature Island product is world class and second to none.

Agriculture

Mr. Speaker, this Government has always made agriculture a priority. Since the passage of hurricane Maria, almost five years ago, my government has invested \$145.6 million in agriculture, to sustain livelihoods, ensure the consistent supply of fresh produce to meet local consumption and to meet export demand. This Government's investments have resulted in economic growth, increased employment, and higher foreign exchange earnings. As we have for the past 22 years, this year, we will continue with our investments in agriculture to the tune of \$55.0 million (\$8.2 million under Recurrent Expenditure and \$46.8 under Capital); representing an increase of \$15.5 million over the last Fiscal Year. Our investments will be targeted to respond to the new and emerging global challenges as well as opportunities to increase market share locally, regional, and internationally. Our focus is on ensuring that we can increase productivity and production, while at the same time, generating individual and national wealth.

Our goal is to increase agriculture's contribution to GDP to 700 million by 2030. Our Agriculture 2030 Plan will focus on the following:

- A. Increase in Production of (i) Agricultural produce, (ii) Livestock, (iii) Horticulture, and (iv) Fishing to eliminate the need for importation and to increase our exports.
- B. Enhance the Nature Island Brand and Expand Market Share locally, regionally, and internationally.
- C. Increase Agro-processing output to add value to our agricultural produce

This Budget is a demonstration of our efforts to establish a wide range of programmes and projects throughout the value chain to achieve our goals.

Increased Production in Fruits and Vegetables

Mr. Speaker, by expanding cultivation areas, scaling up production through innovation and technology, encouraging new entrants into the markets, adopting requisite technology and the introduction of new varieties, Dominica will be in a better place to produce consistently higher yields, volumes and quality.

Government has made the policy decision to ensure that our non-traditional fruit and vegetable subsector is an integral part of Dominica's food system and to facilitate the transformative role that the agriculture sector will play in the economy. Produce such as bell peppers, broccoli, and cauliflower are gaining popularity among local consumers, and fruits such as cantaloupes, dragon fruit, strawberries and blueberries can complement the local supply of watermelons and passionfruit. Tied to the global movement of an appeal for healthier foods, tropical and exotic fruits continue to appeal to local and foreign consumers, creating a strong position for Dominica to advance its agriculture sector.

In Fiscal Year 2022/2023, Government will invest an initial \$1,000,000 in the provision of greenhouses, saran netting locally (also referred to as cover material), insect netting, equipment, irrigation systems, and other necessities to ensure that fresh vegetables and fruits will be available and affordable year-round – this is fundamental if we are to reduce our food import bill and achieve food security.

Government will also continue its propagation programme to ensure a minimum of 600,000 seedlings are propagated and distributed to farmers at a subsidized price, as an incentive for production. Our propagation capabilities will be complemented by the increased

capacity from the Agriculture Science Complex Building at One Mile, which is being constructed to the tune of \$13 million with grant funding from the People's Republic of China. It includes a 379 square metre tissue culture facility that will also afford us the ability to propagate more weather and pest- and disease resistant plants. In addition, it will allow for genetic testing of plants and the opportunity to introduce new propagation techniques.

Mr. Speaker, the consumption of bananas is a good source of vitamins and minerals that can help lower blood pressure and contribute to the health of one's heart. Several farmers continue to produce bananas with the support of this Government, especially with inputs, and to combat the spread of black sigatoka. Increased and targeted investments in bananas will take Dominica a step closer to satisfying the growing local demand and for exports.

A special fund in the amount of \$1.0 million will be established to support large banana farmers. A fixed number of banana farmers will be targeted based on their historical performance and growth potential.

Expansion of The Livestock Sector

Mr. Speaker, we have developed a livestock expansion plan to take into account the concerns of our farmers on the rising cost of animal feed and chicks, triggered by recent global events. We have the in-country capacity, infrastructure, and systems to increase our local production of chicks, to meet the demand for locally produced chicken and eliminate the need for imports.

For us to take full advantage of the poultry market, we must continue to build capacity in local production. To this end, Government will invest in an initial 10 poultry farmers to increase their capacity to 10,000 chicks. The intention is to enable local farmers to be able to fully supply the local market with whole chicken thereby negating the need for imports. In addition to this investment, government will also consider a license regime for whole chicken imported in Dominica.

This Fiscal Year we will rehabilitate the National Abattoir at a cost of \$3.8 million to improve its operations and output. We have already begun restructuring the operations of the National Abattoir to accommodate the increased capacity. Our enhancement plan will include provisions for special processing and cuts, packaging and branding of chicken and meats. We have already begun work on the enhancement of our payment system to ensure that payments to local suppliers to the abattoir are made more efficiently.

Part of our livestock expansion effort also entails the development of a pasture, and forage banks of locally available plant species, undertaking the necessary research and development to formulate animal feed using local materials, as well as subsidize local hatcheries for a specific period of time till they are able to produce quantities and quality of chicks necessary to sustain local production and possible export. Government will invest \$345,000 to begin exploration of those activities.

Procurement of Agricultural produce

Mr. Speaker, once farmers are assured of a reliable market at a reasonable price, they will produce. In our efforts to incentivize farmers to increase production, this Fiscal Year, your Government will make available an additional \$5.0 million to DEXIA as a revolving fund for the procurement of agricultural produce.

DEXIA, through the Multi-Purpose Packhouses, will become the organized buyer armed with the responsibility for logistics and packaging solutions to enhance our market needs of quality, price and consistency. These funds will enable DEXIA to expand its role as the

main facilitator in the market and to channel Dominica's agricultural produce within our domestic and foreign markets.

In order to equip farmers to take advantage of this opportunity, we will provide \$3.7 million to strengthen at least five (5) new farmer producer organizations and crop production clusters to improve economies of scale. This measure ensures that producers can increase food production and are assured income by having stable buyers for their fresh produce.

Greater participation of Youth in Agriculture

Dominica's youth, and in particular, young professionals with qualifications in agriculture and related fields are viewed as a respected resource for the modernization and advancement of agriculture in Dominica. They bring their technological competencies to complement our traditional farmer base that will help devise concrete solutions to the many challenges which confront the growth and true potential of the sector. Government is determined to leverage the talents and skills of our youth as a game changer for agriculture in Dominica.

We are aware that there are several influencing factors which affect their participation in agriculture including their farming experience, access to credit, and land access, among others.

In Fiscal Year 2022/23, Government has earmarked \$1.0 million to support young people with the drive and passion to farm, and form alliances to set up on a farm for the first time or to modernize and expand their current farm facilities. This support will include grants for start-up capital, labour and supplies to eligible young people.

Through these investments, young Dominicans will be able to enhance their participation in Dominica's agriculture sector, boosting overall productivity and increasing individual and household incomes.

Climate SMART Agriculture

We have developed an agriculture policy framework that is in keeping with the Government's commitment to become the World's First Climate Resilient Nation. It outlines a vision for a resilient and sustainable agricultural sector which promotes innovation and technology in order to guarantee increased yields, quality, consistency of production, safe and nutritious fresh produce.

During this Fiscal Year, at least fifty (50) farmers who are already in active production, will benefit from a greenhouse introduction and repair programme, and 40 acres of cultivated farms will benefit from farm irrigation units.

In this Fiscal Year irrigation systems will be installed in the farming communities of Calibishie and Salisbury. The estimated cost of these two systems is EC\$486,000.

Access to Agricultural lands

We will also identify and build a register of vacant agricultural lands that can be put back into production. We will encourage the leasing or sale of these lands either directly to the Government, or to private individuals. We anticipate that by next year, Government will have in place a system to make these lands available to interested farmers.

Reform of Extension Services

As the agricultural sector develops and becomes increasingly commercialized, technology transfer and advisory services will need to be strengthened and specialized. This is

particularly relevant within the context of the plans to transition towards greater use of innovative and technology driven extension services.

Our goal is to shift the focus of extension services to a demand driven service supported by a series of demonstration farms owned by the Government, and private farmers. This will allow farmers and new entrants into agriculture, to be introduced to new farming techniques, varieties, and the use of technology.

Enhancing the Nature Island Brand and Increasing in Market Share locally, regionally, and internationally –

i. Implementing measures to increase domestic consumption

Mr. Speaker, our purchase of local produce will help to create employment for our people, reduce our food import bill, and improve our balance of trade (foreign exchange),

As we expand production of agricultural produce, livestock, and value-added products, we will implement a special licensing regime on imports where there is adequate domestic production to supply the local market.

DEXIA and the National Abattoir will work with supermarkets to ensure the consistent supply of quality local produce and products. We commend the owners of our local supermarkets for their existing arrangements with farmers. It is not our intention to disrupt any working relationships that exist. Our aim is to facilitate, strengthen and expand the linkage between local supermarkets and local producers where necessary.

ii. Implementing measures to increase exports

Historically, Dominica has been a major supplier of agricultural produce to our brothers and sisters within the Caribbean and to a lesser extent, to North America and Europe. Our market share continues to be challenged by competition from other regional and extra-regional competitors, inconsistent supply of quantity and quality, and new and increasing demands being made by consumers.

a. Support to hucksters

This year, DEXIA will reinstitute its credit facility to hucksters to facilitate their purchase of produce for exports.

b. Buy Dominica Depots

An additional \$1.5 million will be invested in the establishment of Buy Dominica Depots in strategic Caribbean markets. Collaborative arrangements will be reached with private investors in St. Kitts, Antigua and Tortola and full depots with ripening rooms will be established in St. Maarten, and St. Thomas. The investment in ripening amenities, cold storage, and vending outlets is meant to increase the country's attractiveness as a supplier and offer combined shipments and a wider assortment of fresh produce in larger volumes on the market.

Investing in these depot type facilities will help ensure that fresh foods are available, accessible, and affordable to all consumers; and will open new avenues to be part of untapped value chain opportunities in these countries. These are fundamental if we are to position ourselves to lead on the achievement of food security in the region in the years ahead.

Government will set aside an amount every year for more aggressive marketing and promotion of Dominica's products and produce. We will establish a special team within the Ministry of Trade, whose only tasks are to promote Dominica products and find new markets locally, regionally and internationally. This year we have allocated \$1.0 million for marketing and promotion of Dominica's produce and products. However, this allocation will increase once the team's strategy is in place and the programme is fully underway.

Value Added

Adding value to our agricultural produce extends its shelf-life and increases its economic value. We are therefore, determined to support the growth and development of agro-processing to make a greater contribution to our economy and especially, to reduce our food import bill.

Work on the design and the necessary studies for the development of a national agro-processing facility, is ongoing in partnership with the CDB. To support the growth of micro and small businesses engaged in value-added production we will continue our support to them. Government will:

- provide \$5 million in grants to small businesses, part of which will target micro agro processors engaged in developing value-added products.
- provide a separate facility of \$1.0 million to support our producers of local juices to be able to expand and enhance their production.
- lease industrial sheds and land from the AID Bank from its Industrial Estates in Canefield and Grand Bay, to provide space for setting up of facility to provide support and services to micro-processors.

The world is moving towards organic/natural products and the Dominica Essentials Oils Cooperative wishes to position and capitalize on the opportunity that exists for organic products. There has been an increasing demand for natural essential oils and the market demand for bay leaf oil has also been growing exponentially. This presents great manufacturing and market potential opportunities for the use of the bay oil in development of highly priced products. Government will provide a grant in the amount of \$100,000 to Dominica Essential Oils to facilitate the production of hand sanitizers and other finished products using local bay oil.

Rehabilitation of Farm Access Roads

Also, this year, Government will continue the rehabilitation of the following farm access roads:

1. Carholm Road via Mero;
2. Boplan at Paix Bouche;
3. Mango Gutter Wesley;
4. Formie, Castle Bruce;
5. Agriculture Station Road in La Plaine;
6. Grand Riviere, La Plaine
7. Macaton, Grand Bay
8. Middle Ridge Road, Calibishie

It is Government's intention to continue the farm access road rehabilitation programme with a group of roads every year, giving priority to those serving high production areas, until all of the roads are repaired.

Advancing the Blue Economy

Mr. Speaker, rehabilitation work will continue on the Roseau and Marigot Fisheries Complexes. They will serve as a centralized location for fish postharvest and quality enhancement services, geared towards export and local market distribution needs. Over the last 6 to 8 years, net fish landings have increased steadily with greater emphasis placed on the quality of fish on the local market. This achievement has largely been attributed to sustained efforts from Government in partnership with the Government of Japan.

In addition, Government is in the process of establishing new management structures for the fisheries complexes including public-private partnership to provide professional services for the implementation and maintenance of a HACCP system to meet international standards.

Government will also focus on restoring, enhancing and establishing key services, infrastructure, slipways, and equipment on a community level at selected Fish Landing Sites, inclusive of FADs owned by the Government. Interventions costing \$700,000.00 are expected to be undertaken in Scotts Head, Soufriere, Fond Cole, Mahaut, Bioche, Dublanc, San Sauveur among other Fish Landing Sites aimed at collectively improving the overall resilience of the fisheries sector.

The objectives of the upgrade of these community infrastructures are clear, for the development of sustainable local fisheries and to support growth of a range of blue economy sectors (namely tourism and trade).

Mr. Speaker, our farmers have assured me that they are ready to transform agriculture to achieve the target of \$700 million contribution to GDP. As has been presented, Government has begun putting measures in place to achieve this target. This will be an opportunity for sustainable development and increased wealth for our farmers. There will be significant spillover benefits for agro processors and the private sector. We encourage every Dominican to give priority to the consumption of our local produce and products.

Mr. Speaker, these significant investments in the development of our agriculture sector will position us to secure our place as the food basket of the Caribbean.

The success of our efforts, the success of the efforts of our farmers, depend heavily on the consumption practices of our citizens and residents. I therefore reiterate my call to all of us to give priority and preference to buying local.

Development of a Medicinal Cannabis Industry

Mr. Speaker, as we move to develop a medicinal cannabis industry, we have been working with the IMPACT Justice Project to prepare the legislative framework. A technical committee which includes a wide cross section of stakeholders has been appointed by the Cabinet and is considering the significant elements necessary for a successful medicinal cannabis industry.

This Fiscal Year, while work is continuing on the new legislative framework, we will take legislation to the House, to permit agro-processors engaged in manufacturing by-products of cannabis to purchase cannabis locally. Agro-processors will be required to carry licenses granted by the Commissioner of Police and other regulating agencies. Furthermore, we will decriminalize the sale of by-products of cannabis such as, balms, oils and creams produced locally.

Small Business

Mr. Speaker, micro and small business owners can now apply for fiscal incentives licenses at the Small Business Support Unit in line with the Government's decision to upgrade the Unit into a one-stop shop for small enterprises.

In last year's Budget Address, Government announced that the Small Business Unit would be refocused to expedite processes for small business applicants, including requests for concessions under the Fiscal Incentives Act.

The Cabinet has approved new guidelines for the granting of fiscal incentives licenses to micro and small enterprises effective July 1, 2022. The responsibility for investments by micro and small enterprises has been reassigned from Invest Dominica Authority to the Ministry of Tourism, International Transport and Maritime Initiatives.

The processing of fiscal incentives is a significant addition to the existing portfolio of the Small Business Support Unit, which provides grants, business advisory services, technical assistance and marketing support to small businesses.

Mr. Speaker, the \$27.8 million loan facility for small and medium enterprises remains available at the AID Bank. Earlier this month, Government and the AID Bank adjusted their Agreement to allow more flexible repayment terms for businesses engaged in seasonal activities, such as our taxi operators and craft vendors. We will also set aside \$1.5 million under this facility to provide loans to taxi operators to purchase coaster buses and other vehicles for their operation.

The Digital Economy

Mr. Speaker, this year, Government, with support from the UNDP, completed the development of the country's National Digital Transformation Strategy. That Strategy presents a vision that by 2026, driven by digitally skilled people, Dominica will be a vibrant, inclusive, and resilient digital economy with affordable, reliable connectivity and efficient online services to accelerate growth, innovation, and sustainable development.

The strategic priorities for Digital Transformation in Dominica include People, Business and Government. Government will focus on the transformation of key sectors such as education, healthcare, agriculture, fisheries, tourism and the financial sector.

The Government of Dominica will pursue internship opportunities to individuals who have successfully completed the digital training courses offered under the project. The individuals who meet the criteria will be placed at institutions, businesses and government agencies for a period of five months for on the job learning and development.

Further, the project will be rolling out a training program for small to medium business owners and managers which will equip them with digital skills such as the ability to sell his or her products online, online content management, effective use social media, etc. This is part of an advanced digital skills development and job coaching program that is being implemented under the project.

We will also invest \$1.85 million to create fifteen (15) innovation hubs around Dominica. Government believes that no one should be left behind and this digital transformation is meant to benefit every citizen in every corner of Dominica. These technology hubs will be equipped with state-of-the-art equipment which will be used to provide free training courses and resources to educate and retool all our citizens. These hubs will provide a space to nurture and encourage innovation in the communities. The hubs will also serve as venues to discuss Information Technology Projects as well as a space to "pitch" ideas and projects to international, regional and local stakeholders.

Geothermal Development

Mr. Speaker, generating power from renewable resources creates energy independence and can reduce the impact of the escalation in the price of fossil fuels on the international market. We therefore remain committed to the development of our first geothermal plant in the Roseau Valley.

Drilling

On February 15, 2022, a \$33.7 million contract was signed with Iceland Drilling Company, they will drill two additional wells in Laudat towards the end of 2022. In preparation for the drilling of the wells, a contract was signed with ACE Engineering Limited on April 28, 2021 for \$ 8.5 million, to prepare the well-pads and access roads. They are nearing completion of the first well pad and access road and have started work on the second well-pad. Once the wells have been drilled and tested, we will proceed with the construction of the power plant.

Power Plant

The preliminary designs for the power plant have been completed and we will sign the commercial agreements and begin mobilization for construction of the power plant this year. The construction period is estimated at 18 months. We expect that by 2024 our 10 MW geothermal plant will be online.

Transmission Network

We have also awarded two contracts valued at US\$2.5 million, for the preparatory work for the development of the transmission network from the Roseau Valley to Fond Cole and from Fond Cole to Sugar Loaf.

This transmission network will make it possible to connect the hydro and geothermal power plants from the Roseau Valley to the rest of the country. The lines will be upgraded from the existing 11 kV to 33 kV and 69 kV. The upgraded lines will result in a reduction of line losses and will be built to withstand the impact of a major climate related event. This is a significant component of our climate resilience plan for the electricity sector.

Geothermal power will eliminate the fuel surcharge currently paid by consumers of electricity. This will result in a significant reduction in the price of electricity to all consumers.

Mr. Speaker, I say to our young people, that the investments that we are making in the development of our geothermal resource is for them—a future Dominica with high paying jobs and careers in the areas of geological sciences, geothermal energy, project management, mechanical, industrial and electrical engineering. There will be opportunities for our young entrepreneurs and the private sector to be innovative and develop new businesses in areas such as logistics services, utilities management, environmental management and spatial planning among many others.

Against climate change and economic shocks, against pandemics and resource scarcities, against global market uncertainty and supply chain disruptions, this Government is building our people's resilience and securing our nation's sustainable development.

PILLAR 3:

INVESTMENTS IN CITIZENS WELLBEING

Mr. Speaker, when this chapter of the Dominica Story is written, this Labour Party Government will be cited as the Government which represented the interest of every Dominican, and transformed their lives, livelihoods, and circumstances.

Over the past two decades, we have implemented a slate of programmes to support and protect the elderly, provided equal education opportunities for young people; granted incentives for micro, small, medium and large business; provided extensive financial and technical support to farmers and other producers; introduced numerous tax relief measures; upgraded main and community roads across the country; ensured access to new modern health care and health facilities; improved and upgraded sports facilities. All of these, along with many other measures implemented by this Government, have positively impacted the way of life of every resident in this country.

Mr. Speaker, as we forge ahead to implement our resilience agenda, our people remain our central focus. Therefore, notwithstanding the need for fiscal consolidation after two years of sluggish revenue collections, **Government has included all of its traditional social programmes in this year's Budget.**

Health

Mr. Speaker, Government will enhance the Primary Health Care System. The current system served us well in the past and remained a model system for several decades. However, we are of the view that we must, as a people, redouble our efforts to tackle head on, the issue of chronic non-communicable diseases (NCD's) through the enhancement of our Primary Healthcare System. PAHO has gladly accepted our invitation to partner with us in this endeavour and a roadmap has been prepared.

Activities under this initiative will include technical support to foster an integrated approach between primary care and hospital care. This will include Electronic Health Records integration; communication and coordination of health teams supported by an All-in-One Telehealth Platform with connectivity to the Dominica China Friendship Hospital for telehealth which will facilitate more timely care upon arrival at the Hospital.

Also, we will see an increase in health promotion and training of healthcare providers to support prevention and management of NCDs consistent with our healthy lifestyle and wellness goals. In an effort to advance and implement actions needed to combat NCD's in our country, the Ministry of Health, Wellness and New Health Investment will appoint a National Coordinator on NCD's, effective September 1, 2022. It is our hope that this and other actions taken by the Ministry will signal an urgency for all of us to take preventative measures to combat NCD's.

Additional improvements in primary health care will be facilitated by the recently commissioned Health and Wellness Centres. This year, Government will commence construction of new Health and Wellness Centers in the City of Roseau, St Joseph and Grand Fond, while the Savanne Paille facility will be completed. We also expect to commence and complete designs for the new Reginald Armour Hospital in Portsmouth, and for works to commence immediately thereafter.

These initiatives will ensure that a resilient Dominica is predicated upon healthy people and a sound, effective, health care system.

Mr. Speaker, with the opening of Dominica's two new hospitals, health care clinics and facilities, new skills and competences will be required. In addition, new jobs will become available. There will be a need for additional lab technicians, scrub technicians, nurses and other health care workers as well as pharmacists and other ancillary and support personnel. We encourage our citizens to ready themselves for these new employment opportunities.

Education

Mr. Speaker, this Government is committed to helping our children build a solid foundation, to excel not only academically but also in their social development. To realize this goal we will upgrade the Kelleb Laurent, Jones Beaupierre, Salybia and Castle Bruce Primary Schools to increase access to earlier childhood education.

The designs for the Goodwill Secondary School, as well as the Thibaud, Tete Morne, Calibishie, Bellevue Chopin and Sineku Primary Schools have all been finalised and are on course for construction to commence in 2023. We are grateful to the People's Republic of China for its generous gift and also the patience and understanding of the residents of the communities where these schools are to be constructed. There are times we must all subscribe to the old adage that good things come to those who wait. I can say to these communities that your schools will be of the highest class and quality.

Mr. Speaker, I have said repeatedly that the Grammar School is an iconic school in our country, and no one can contest this, and therefore the architectural designs and aesthetics must befit its contribution to this country. Work has started on the new Dominica Grammar School and will continue in this Fiscal Year to bring this vision to reality. Mr. Speaker some \$43 million will be spent on this facility, and some of the amenities will include but are not limited to, a massive auditorium, sporting facilities, modern science labs and enhanced and improved facilities for teachers.

Further, Mr. Speaker, we look with excitement to the construction of an early Childhood facility at the Baroness Patricia Scotland Primary School in Vielle Case to be funded by the Maria Holder Memorial Trust.

Works will also continue on the rehabilitation of the Grand Bay Primary School and the Castle Bruce Secondary School.

We are determined to provide access and ensure a comfortable learning environment for all our children.

Mr. Speaker, experience has shown that student's enrollment in clubs creates a more balanced learning environment, builds student's confidence and social skill, and provides opportunities for them to undertake their civic duties. With this in mind, Government will appoint a Director for 4H within the Ministry of Education to lead the expansion and development of 4H clubs in our Primary and Secondary school.

Additionally, the tender process for the rehabilitation of the Dominica State College is almost complete and a contract will be awarded by early August 2022.

New Medical School

Mr. Speaker, since the departure of Ross University, Government has received several expressions of interest to establish a medical school at that facility. I am pleased to announce that after several months of negotiations, Government has entered into an agreement with CSOM Holdings Limited for the operation of a medical school at the former Ross University Campus at Picard which will be named the American Canadian School of Medicine.

The school will offer a 4-year medical degree (MD) designed for students who have already completed Bachelor degrees and will be run by an experienced team comprising doctors who have held positions at major universities in the United States including a former Vice President of Operations of the Ross University School of Medicine.

Most of the students are expected to come from Canada, the United States of America and the Caribbean. Initial preparations for a September 2023 commencement have started and will accelerate over the next few months.

I urge all Dominicans to be prepared for the opportunities which will be created with the return of a medical school to Portsmouth. We are optimistic about the potential of this new school and its positive impact on Dominica and on the people in the North in particular.

Housing

Mr. Speaker, while housing traditionally has not been a primary responsibility of any Government, this Labour Party Government has recognized our social responsibility to our people. Natural events have also reminded us of how important it is to a family, to have a safe and secure dwelling.

This Government's housing revolution is unprecedented not only in Dominica, but I daresay in the Caribbean. This Government has facilitated thousands of families to own their own homes, by several mechanisms including the provision of funds at low interest rates to financial institutions; provision of cash and building materials to assist families to build their own homes and in most cases Mr. Speaker, the Government has financed and constructed homes for vulnerable families.

This year, Government will construct no less than 700 new homes for vulnerable individuals and families across our country. It is important to note that we have the committed financing to achieve this.

Mr. Speaker, there are several components of the Housing Revolution but today I will focus on the newest component, "The Future Housing Programme" targeting young professionals and young people in our country. That programme was formally launched on July 17th, 2022, and has gathered tremendous interest from our young people.

Mr. Speaker, under this Programme, Government will construct homes which will be available for purchase by young people employed in the public service or private sector in Dominica, and to Dominicans residing in the diaspora. I am now pleased to report that we have commenced the first Phase of the Programme under the theme "Empowerment through Ownership - A Path to Generational Wealth." The first Phase will target young people residing in Dominica and employed in the public and private sectors. These homes will contain two (2) or three (3) bedrooms with an option to add other amenities based on the individual's financial ability.

To ensure the full participation and input of the youth to whom this Programme is targeted, we have established a 21-member group made up of young men and women within the public and private sectors who will serve as advisors to the government on this initiative. These millennials have already started working fervently on the Programme and have made recommendations on the master plan to include designs, amenities and landscaping. The group has also recommended a residence policy and a community management plan for the development.

Mr. Speaker, under this programme, my government will construct homes in Warner and in Cotton Hill in Portsmouth in the first instance. Government intends to extend this Programme to GrandBay and Hillsborough Gardens in the second phase. Mr. Speaker, I am also pleased to announce that we have tremendous support from the unions.

A number of the financial institutions have consented to partner with us to provide mortgages at discounted interest rates as low as 4 percent. These institutions include the National Bank of Dominica, West Coast Credit Union, Central Cooperative Credit Union,

Republic Bank, Marigot Cooperative Credit Union, and National Cooperative Credit Union. Also Mr. Speaker some suppliers of building materials, furniture and appliances, insurance companies and contractors have accepted the invitation to partner with the Government in this effort, recognising that these investment opportunities can result in positive wealth creation and growth for all sectors of the economy.

The homes will be sold at highly discounted rates to the young people of our country.

Sports

Mr. Speaker, our investments in sports will continue this year. Government will move ahead with a number of initiatives to use sports as a tool to achieve our goal of building stronger communities. The restoration of the lighting of the Windsor Park Sports stadium to boost the continued hosting of local, regional and international sporting activities after dark, will commence. This is expected to increase social and economic opportunities for our people, businesses and country.

In addition, work will continue on the rehabilitation and restoration of a number of playing fields and other sporting facilities, while in partnership with the Dominica Olympic Committee Government will actively pursue the establishment of an Olympic size synthetic athletics track at Pointe Ronde.

While we deal with arrangements to finalise the framework to establish the National Sports Council, Government is moving ahead and will create a National Sports Trust Fund by September 2022 at the National Bank capitalized with resources from the Government and the Dominica Lotteries Commission totalling \$500,000. This Fund will be used to assist athletes and people engaged in other sporting events preparing for international competition.

Mr. Speaker, during the last Fiscal Year Government partnered with Clear Harbor to open a new Call Center at Jenner Hall in Portsmouth. This has created employment for 176 young people. We are in the process of setting up another call center targeting the employment of another 300 young people by October 2022.

Dominica's social stability and the ability to retain our youth as nation builders, rest on our investment in citizen resilience and wellbeing.

FISCAL AND OTHER MEASURES

Introduction of a Tax on Abandoned Properties

Mr. Speaker, in my last two budget addresses, I stated that this Government will introduce a tax on vacant and abandoned properties starting in the city of Roseau. This has been endorsed by several stakeholders including City residents, members of the DAIC, other businesses and institutions. In preparation for this measure, we have provided early notice and also reduced the land transfer fees to encourage owners of these properties to address any property ownership issues.

Two years after the first announcement, we are ready to implement the first phase of the Abandoned Property Surcharge on vacant land and abandoned properties in Roseau—from the Roseau River to High Street excluding Goodwill, Bath Estate, Elmshall, Morne Bruce, Kings Hill and Newtown.

The surcharge will be applied at a rate 50 cents per square foot, per year payable by August 20 every year for the immediate 12 months ending July 31, or part of the 12 months when the property was vacant. This surcharge takes effect from August 1, 2022. Therefore, the first payment is due on August 20, 2023.

This tax is payable to the Comptroller of Inland Revenue, and it will be in addition to the taxes due to the Roseau City Council.

Mr. Speaker, this is not a revenue measure. Instead, it is for the safety and health of resident and users of the city, and to improve its aesthetics. It is our hope that the introduction of this surcharge will encourage owners to put their properties into good use.

I take this opportunity to alert property owners in other prime and heavily populated areas that it is Government's intention to extend the surcharge to other parts of the country on a phased basis.

Removal of Charges and Taxes applicable to the import of Pleasure Crafts

Mr. Speaker, two years ago, we announced the removal of VAT and import duty on pleasure crafts and excursion boats, measuring at least 45 cubic metre, and their engines in order to begin stimulating economic activity in that area. This year, Mr. Speaker, to further stimulate yachting activities, we are taking this initial measure one step further.

With effect from September 1, 2022, we will remove all duties, taxes, levies and charges on all pleasure crafts—and engines of pleasure crafts, imported into Dominica.

The increased number of vessels anchoring in Dominica for extended periods, will result in increased employment and business opportunities for Dominicans; help diversify and sustain the economy; and create yet another avenue for Dominicans to recreate.

Establishment of a Small Ships Registry for Pleasure Crafts

In addition, Mr. Speaker, with effect from September 1, 2022, we will create a small ships registry opened to small pleasure boats of up to 75 feet long at a cost of US\$250 for one year or US\$650 for three years. The fee will be payable online via the Government Payment Portal. This small ship registry, will only be open to pleasure boat owners from Dominica, other CARICOM member states, Dutch St. Maarten, and the French overseas territories of Martinique, Guadeloupe, Marie Galante, the Saints and St. Martin.

Qualifying pleasure craft owners must present evidence of ownership and insurance. No maritime inspection and no cruising permit will be required.

Mr. Speaker, this measure will encourage pleasure craft owners from neighbouring islands to register their vessel and make Dominica their home.

Removal of VAT on Agricultural Tools and Potting Soil

Mr. Speaker, when the VAT was implemented in 2006, Government exempted the import and supply of agricultural inputs, equipment, machinery and other products used in agriculture. We exempted motor vehicles imported, by qualifying farmers, from excise tax. Import duties had already been removed on these goods.

To support our efforts in achieving increased production in agriculture, effective September 1, 2022, Government will also remove VAT on agricultural tools and potting soil.

Grants to First Time Home Buyers

Mr. Speaker, the maximum \$10,000 grants to first time home buyers and builders which started in September 2020 will continue this year. An amount of \$1.0 million has been allocated for this Programme.

Permanent Reduction of Land Transfer Fees

From September 2020, Government temporarily reduced the fees on the transfer or purchase of land. This reduction will be made permanent when the temporary measure expires. Therefore, effective November 1, 2022 the following fees will be applicable on the transfer of land:

- Stamp duty 2 percent
- Judicial Fee 1 percent
- Assurance Fund 1 percent
- Fee to Lawyers A maximum of 2 ½ percent

The fees payable by the seller of the land will remain at 2 ½ percent

In addition, Mr. Speaker, it has been brought to my attention that several individuals lost their certificates of titles during Hurricane Maria and are having great difficulty in obtaining a replacement title. This is so because the fees for a replacement title are similar to that of new titles. The current Government fees are as follows:

- Assurance Fund 1 percent
- Judicial Fee 1 percent
- Stamp Duty \$7.50

In order to facilitate these individuals, with effect from August 1, 2022, such persons will only be required to pay to the Government the lesser of the current fees or \$5,000.00. This means Mr. Speaker that the maximum a person will pay to replace a certificate of title is \$5,000.00.

Temporary Reduction in Motor Vehicle Licenses and Removal of Highway Levy

Mr. Speaker, as all of us are aware, the price of fuel has increased worldwide as a result of shortages caused by the Russia-Ukraine War. We are mindful of the negative impact on all residents. Therefore, effective May 2022 we began granting subsidies on import of diesel and gasoline.

Notwithstanding these subsidies this Government remains concerned of the impact of the increased fuel prices on the people who provide transport services, for example our bus, taxi and truck owners.

Therefore, Government will grant a 50 percent reduction in the motor vehicle licenses on:

1. Public service vehicles used for carrying passengers, for example, taxi and public buses;
2. Trucks and dumpers available for hire

This measure will be for **one year** effective August 1, 2022 to July 31, 2023.

In addition, Government will discontinue the Highway Maintenance Levy which was imposed in September 2015 also effective August 1, 2022.

The discontinuation of the Levy will result in savings of \$100 for owners of private vehicles and \$150 for owners of commercial vehicles, truckers, dumpers and trailers.

Therefore Mr. Speaker, between these two measures, a mini bus owner who currently pays \$880.00—that is, \$730 for motor vehicle licenses and \$150.00 for Highway Levy—will pay \$365.00 on renewals between August 1, 2022 and July 31, 2023; thereby saving \$515.00 over the next year; and \$150.00 thereafter. The savings are much higher for the large truck and dumper owners.

Reduction of VAT on Electricity

Mr. Speaker, the rising price of fuel, has caused our electricity bills to increase sharply since January 2022. Whilst Government is not in a position to remove all of the VAT charged on electricity, effective August 1, 2022 we will increase the number of VAT free units from 100Kwh to 150 Kwh of electrical energy provided by DOMLEC to domestic consumers per billing period. Mr. Speaker, currently, I have been advised that this measure will benefit the 14,534 domestic customers whose consumptions are currently above 100 units.

In addition to this Mr. Speaker, effective August 1, 2022 there will be NO VAT on fuel surcharge charged on DOMLEC Bills. This means Mr. Speaker, the VAT on fuel surcharge on DOMLEC electricity services will be zero-rated from August 1, 2022.

This complete removal of VAT on fuel surcharge on electricity bills will apply to all category of consumers, namely, domestic, commercial, industrial, Government and hotels. Mr. Speaker, this measure will assist all of DOMLEC's customers except those who are already receiving the VAT free service.

DOMLEC is working on the re-commissioning of the PADU Hydro Plant which has been out of operation since Hurricane Maria. It is expected that this plant will be operational by November 2022. This will provide further relief by reducing the amount of diesel generated electricity and thereby reducing the fuel surcharge.

In the current global climate, many governments are increasing taxes, or asking their citizens to carry greater burdens. This Labour Government is not taking money from our people, we are putting money in people's pockets. We are placing confidence in, and investing in the people of Dominica. In turn, we ask only for your best effort, your kindness and courtesy toward each other, and for your support and cooperation in the national interest.

CONCLUSION

I have spoken at length to our achievements in the last Fiscal Year, achievements that were hard fought for in a difficult global climate; and achievements that were hard won on behalf of every Dominican and residents of this country.

In framing our efforts to achieve development that is sustainable, we must be clear about the foundation on which we are building our social stability and economic growth and how these will be underpinned by principles grounded in the protection of our natural

and built environments. We must be unrelenting in building the foundation and structure of national resilience, always asking the questions:

- *How do we become resilient as a nation, as communities, as individuals?*
- *How do we build our toughness, our capacity to withstand external shocks, to recover from these shocks quickly and with the least possible harm to infrastructure, property, limb, life, and livelihoods?*
- *How do we continue to put our people first and at the centre of national development?*

The Government has determined that the foundation of our development will be:

- **The People of Dominica** – ensuring access to quality health care, education and opportunity. We are investing in the people of Dominica and building the country's social capital, because of this Government's unwavering confidence and determination to achieve all that the Almighty has ordained for this Nation and its citizens.
- **The Agriculture Sector** – as the traditional bedrock of our community, a strong base for meeting regional needs for food and nutrition security, and the core of the Nature Isle.
- **The Digital Economy** – which is transforming the way in which people live, work, recreate and socialise, creating greater efficiencies, expanding business and economic opportunities, democratising the market place, empowering the individual as an agent in their own cause, and is central to what people refer to as the future of work.
- **The Renewable Energy Transition** – to give people and businesses an ease in energy costs and to serve as a lever for greater economic growth, while reducing our national carbon footprint.
- **The Tourism Sector** – is a clear taker of agricultural products and environmental services, as well as for revenue and foreign exchange earnings, job and wealth creation. The new international airport has a major role in the national tourism strategy.
- **The Small Business Sector** – contributes to jobs, community empowerment, the upliftment of families and a provider of new activity and services. They are at the heart of national growth.
- **Resilience Building** – at every level of society, economy and environment, in every sector and community.

I have today spoken to how we will build a future on a solid foundation, how we will protect, secure a prosperous Dominica for all Dominicans.

Mr. Speaker, external and natural shocks have caused us to stumble and fall in our efforts and aspirations for development, but we have never stayed on the ground. We have gotten up, joined hands and looked to the task ahead in faith, in the quiet assurance that it is not beyond us. And in faith, after each fall, we have risen stronger, more resilient, more successful, more determined, holding even more firmly to our personal dreams and our national aspirations.

Caribbean writer, Roselle Thompson puts it this way,

*"Never give up!
It's not that we fall, it's how we rise.
Sometimes you have to take night and make day!
When one door closes, many others will beckon you.
Perseverance and determination can break any barrier.
It's not how others see you, but how you see yourself; so crystalize that vision of
you."*

We are firmly on the road to building a resilient Dominica, to building a sustainable Dominica. We have achieved much in the worst of global climates. Together, let us keep fighting for our future, for a Dynamic Dominica that is a beacon state in the Caribbean and among small island developing states.

When we join hearts, hands, minds and effort with the Almighty God, nothing can defeat us. Nothing can stop us from rising; nothing can stop our forward march for our seniors, for our youth, for our future.

This is the agenda, commitment and promise of the Government of Dominica to all this country's people whether at home or abroad.

Let us rise above the challenges;
Let us see far beyond the horizon;
Let us embrace every opportunity;

Let us lift our eyes to the hills, to the mountains of this country from whence cometh our help, knowing that our help comes from God and with Him we will build and live in Dynamic Dominica.

May God continue to bless Dominica.

2022/2023

Recurrent Expenditure

2022/2023
Project Expenditure

D21 - Office of the President

Mission Statement

To provide administrative support to enable the President to carry out the duties and functions of the Office as set out in the Constitution; and to provide official residence and office space in the same vicinity.

Vision Statement

To provide an efficient, dignified, respected image/picture of both the Head of State and the Office.

Core Values

- (i) Professionalism
- (ii) Confidentiality
- (iii) Commitment
- (iv) Dedication
- (iv) Perseverance
- (v) Integrity

Key Result Areas:

- (1) To maintain the public image of the Office of the President
- (2) To increase public understanding of the roles and responsibilities of the President
- (3) To provide effective security arrangements for His Excellency the President and family

Responsibilities and Duties

- To provide administrative support, to enable the President to carry out the duties and functions of the Office as set out in the Constitution.
- To manage the Office and Official Residence of the President and grounds;
- To provide official services to the President and his/her household;
- To provide official services to government agencies and organisations;
- To arrange the President's official activities at home and overseas;
- To manage the President's correspondence;
- To liaise with the Office of the Prime Minister on all honours and awards;
- To conduct administrative arrangements for conferment of honours and awards;
- To employ and manage domestic maintenance and grounds staff and
- To manage the budget and accounting for expenditure.

D22- Integrity Commission

Responsibilities and Duties

- Receive, retain and examine all declarations filed with it;
- Make such enquiries as it considers necessary in order to verify or determine the accuracy of any declaration filed with it;
- Inquire into any allegation of bribery or act of corruption under the Act;
- Receive and investigate complaints regarding non-compliance with provisions of the Act; and
- Perform such other function as is required under the Act.

Mission Statement

To establish effective oversight of the financial affairs of persons in public life in order to foster a culture of integrity, accountability and probity, and to respond to complaints of corruption in public office.

Vision Statement

A nation free of corruption and governed by persons in public life who are imbued with the highest standard of integrity.

Key Result Areas:

- (1) To promote integrity in governance;
- (2) To provide effective oversight of the administration of public functions;
- (3) To encourage transparency in transactions, and maintain legal compliance by persons in public life and other public officials;
- (4) To ascertain that public institutions are free of corruption so that the highest standards of honesty, equity and fairness will be observed in the use of public resources and in the distribution of benefits for the welfare of the people of our nation.

D23 - Public & Police Service Commission

The Ministry

The Public & Police Service Commission Secretariat is a very small unit, serving the Commissions in achieving their goals.

Responsibility

The Secretariat has overall responsibility for conducting the affairs and carrying out the decisions of both Commissions.

Mission Statement

To provide relevant advice and administrative support to the Public and Police Service Commission.

Vision

To provide efficient, reliable and professional procedural services to the Commissions that a close relationship continues to foster between the Secretariat and the Commissions: and through constant updating and proper classification of its records, safe working environment to enable the Secretariat to promote a high level of performance and quality service to the Commission and Public Officers.

Introduction and Overview

The Secretariat has the overall responsibility for the implementation of the Commissions' decisions, management of the staff and affairs of the Secretariat, and securing all personal files of the Government Service.

Key Result Areas (KRAs)

- (i) High quality Administrative Support to Public and Police Service Commissions and
- (ii) Provide sound advice.

Strategic Objectives

Accurate and relevant information provided to Commission in a timely manner

- (i) Logistical arrangement for meetings
- (ii) Research Laws and relevant material/ regulations for decision making

D25 – Legislature

Responsibilities

The House of Assembly has responsibility for the overall administration of all matters relating to Parliament.

The Department also recognises the importance of improving the image of and respect for Parliament in the society.

Mission

“To provide services and procedural advice to Parliament to enable it to become an efficient, well advised Legislature”

Vision

“To ensure that an efficient, reliable and professional service is provided to Parliament; that a close relationship continues to be fostered between the House of Assembly and its clients; and through constant updating and proper classification of its records that it continues to be a reliable repository for all documents/papers relating to Parliament.

Key Result Areas (KRAs)

Five Key Result Areas (KRAs) have been identified to meet the priority needs of the Office. Strategic Objectives were developed to support these KRAs and are outlined below.

KRA 1. Accurate, high quality procedural advice to the House of Assembly

- Provide sound advice in accordance with the relevant laws and precedent to speaker and members of the house
- Research various matters pertaining to legislature as requested locally and overseas

KRA 2. Business of Parliament conducted in an efficient and cost effective manner

- Organise administrative details for meetings of the house
- Efficient and effective record keeping for all decisions taken during parliamentary proceedings
- Production of minutes of proceedings and follow-through/follow-all parliamentary matters
- Manage and improve physical infrastructure of Parliament

KRA 3. Processing of legislation for publication within four weeks

- Accurate amendments to all legislation passed by Parliament
- Complete all remaining processes for assent of legislation

KRA 4. Efficient and effective support to select and other committees of the House

- Organise administrative details for meetings of all select Committees of the house
- Efficient, effective and accurate record of decisions of all meetings and follow-up of matters to be discussed
- Production of minutes of proceedings of select and other committees

KRA 5 Efficient and effective support to the Commonwealth Parliamentary Association (Dominica Branch)

- Maintain Register of membership, keep accounts of the commonwealth Parliamentary Association (Dominica Branch)
- Organise administrative details for all meetings of Commonwealth Parliamentary Association
- Accurate recording of decisions of meetings and production of minutes of proceedings

D26 – Audit Department

Responsibilities

The office of Director of Audit shall be responsible for

- Developing and maintaining a comprehensive internationally accepted auditing program for evaluating the financial and operational systems and procedures of all Government of Dominica activities.
- Examining financial transactions for accuracy and evaluating compliance with all applicable laws and regulations, Cabinet Decisions, internal policies and procedures.
- Evaluating the cost effectiveness and efficiency of all Government of Dominica activities.
- Ascertaining the adequacy of controls for safeguarding all the State's assets and liabilities and, when appropriate, verify the existence of all assets and liabilities.
- Appraising the timeliness, reliability, usefulness and integrity of Government's records and financial reporting.
- Maintaining technically competent staff by ensuring continuing education and active involvement in professional activities.
- Reporting audit findings with recommendations to the Parliament of the Commonwealth of Dominica through the Minister for Finance.
- Performing a variety of Audit types and fraud detection

Mission

To audit, review, report and advise on the proper management and accountability of public resources.

Key Result Areas (KRAs)

1. To determine the integrity of the State's Public Audit process through the application of Internationally Accepted Public Sector Auditing Standards.
 - All work plans, working papers and reports must demonstrate compliance with International Public Sector Audit Standards
2. Raise awareness of financial management and audit issues through the publication of high quality, accurate and timely audit reports.

- Produce an annual audited report on the Financial Statements within eight (8) months of the year's end
 - Produce one best practice report on a general issue of financial management containing practical advice on systems improvements
 - Produce at least one Value-for-Money Audit report during the financial year
3. Improve the systems and processes of Public Sector Financial Management by providing justified and realistic recommendations
- Produce quarterly reports with recommendations to Permanent Secretaries and Heads of Department

D27 - Ministry of National Security & Home Affairs

Overview

National security forms part of the country's top priorities, considering the negative implications on the economic and social environment, if not properly managed. The issue of national security is cross-cutting and affects every fragment of our society, from attracting investors to the quality of life of our citizens.

Mission

To provide sound legal advice and representation to the Government of the Commonwealth of Dominica and all Departments of Government, to administer justice, to protect and promote Intellectual Property Rights, and ensure proficient analysis and investigation of financial crimes in an efficient manner.

Vision

To attain and maintain a just, efficient, and respected justice system.

Core Values

The functions and powers for public officers are enshrined in the following values:

- Respect for democracy
- Impartiality
- Non-partisanship
- Loyalty
- Integrity
- Accountability
- Stewardship and excellence

Key Results Areas

- | | |
|---------------|--|
| KRA#1: | To identify, assess, and reduce the risks of disaster, socio-economic vulnerabilities to disaster as well as dealing with the environmental and other hazards that trigger them. |
| KRA#2: | Utilize a multi-dimensional approach to contain and reduce crime, including more effective law enforcement and policing and social interventions designed to discourage a lifestyle of crime and violence, and promote Dominica as a peaceful country. |
| KRA#3: | Build the capacity of the Dominican labour market to resist, adjust, and quickly recover from negative shocks. |
| KRA#4: | Police Stations and the Prison should be resilient and built to withstand natural disasters to ensure the safety of officers and offenders during and after a disaster. |

Strategic Objective:

- To ensure timely and effective administration of justice
- To promote timely and effective dispensation of justice
- To provide improved protection of life and property
- To provide improved community resilience and enhanced national emergency systems

Divisions within the Ministry

- Office of the Permanent Secretary and Central administration
- Chamber of the Attorney General

D28 – Elections

OUR ROLE AND GOALS

RESPONSIBILITY

The Electoral Office has responsibility for conducting Parliamentary and Local Government Elections

MISSION

To facilitate the efficient conduct of free and fair elections, maintain an accurate register of electors, serve the public with efficiency and impartiality and maintain the integrity of the electoral process.

VISION

To have a fully equipped automated and self sufficient Department, updated legislation and modern procedures and practices to ensure that the independence of the Office and transparency of the electoral process are maintained.

D29 - Ministry of Trade, Commerce, Entrepreneurship, Innovation, Business, and Export Development

Overview

The Ministry of Trade, Energy and Employment, Innovation, Business, and Export Development as the leader in formulating and implementing policies and programs in Trade, Energy and Employment for the well-being of all, is tasked with identifying and implementing programs that will significantly contribute to the articulated vision of Dominica becoming the first climate-resilient country in the world. This effort includes the awareness of the Ministry's Vision and Mission, and Strategic Objective and the various programmes geared at accomplishing its Key Results to enhance economic growth.

Mission

To facilitate and enhance a people-centred enabling environment for trade and create opportunities for increased exports and business innovation.

Vision:

To be the driver of resilient trade, business innovation and export development for sustainable economic growth.

Core Values:

- Respect for Democracy
- Impartiality
- Non-Partisanship
- Loyalty
- Integrity
- Accountability
- Stewardship and Excellence

Key Result Areas

- KRA#1:** Enacted legislative and regulatory framework.
- KRA#2:** Availability of high quality goods and services on the market.
- KRA#3:** Increased export of new and existing goods and services.
- KRA#4:** Identification of new commodities for domestic and export markets.
- KRA#5:** Expansion of fresh and added value trade for the domestic and export markets.
- KRA#6:** Establish support system for business innovation and entrepreneurship.
- KRA#7:** Functioning platform for information sharing.

Strategic Objectives

- To improve the legislative and regulatory framework to facilitate Trade and Commerce.
- To improve the safety and quality of goods and services.
- To increase market access and trade performance.
- To increase the availability of fresh and value added products on the domestic, regional and international markets.
- To develop and establish an entrepreneurial culture for Innovation and Business.
- To have a well-informed public/private sector on Trade, Energy and Employment, Innovation, Business, and Export Development.

Divisions in the Ministry

- Division of Trade
 - Economic Partnership Agreement
 - Trade Facilitation
 - Market Development
 - Consumer Affairs
 - OECS and CARICOM Affairs
- Dominica Export Import Agency (DEXIA)
- Dominica Bureau of Standards (DBOS)

D30 - Office of the Prime Minister

Overview

The Office of the Prime Minister (OPM) has responsibility for providing guidance related to matters of national importance and for leading the planning, alignment and implementation of national policies towards the development and progress of a way forward to a better Dominica for all.

The OPM is also the lead in championing the vision to build the first climate resilient country in the world and providing public relations that ensure a good Government image, effective coverage of national events, and defining the ideal national character and values for development.

The achievement of sustainable economic growth has become an increasing focus for the Government of the Commonwealth of Dominica and as such increased attention continues to be given to developing the capacity of the OPM to provide effectual support to the Honourable Prime Minister in fulfilling the constitutional mandate to lead the affairs of Government's business in Parliament.

The OPM plays a critical role in leading all efforts to coordinate Government policies across Ministries, Departments, Agencies (MDAs) and other public institutions.

Responsibilities

The constitutional responsibilities of the Prime Minister make his office accountable to the citizens and Parliament for the effective operations of Government. These specific functions include:

- Coordination and supervision of the execution of the functions of the Government of the Commonwealth of Dominica including portfolio responsibilities assigned to ministries with a view to delivering on its mandate to citizens.
- Overall Governance and Policy.
- Policy Development related to specific portfolios assigned to the Prime Minister.
- Monitoring and evaluating portfolio policies.
- Appointment of Senior Public Officers and Commissioners.
- Other Specific duties under the laws of Dominica.

Priority Areas

The primary priority areas for the Office include:

- Providing support to the leadership and for Government Business in Parliament;
- Supporting the implementation of Government Policies, Plans, Programmes and Projects;
- Strengthening capacities for mitigation, preparedness and response to natural and human-induced disasters;
- Supporting and monitoring the implementation of Government's social-economic development action programmes and projects;
- Strengthening all internal-strategic functions that support the OPM.

Vision Statement

The OPM aspires to be a catalyst for advancing government policies, programmes and projects that meet the socio-economic development needs of the island of Dominica.

Mission Statement

To function as the visionary leader in driving sustainable national growth and development, and to play a leading role in steering and coordinating actions toward the effective execution of the national development strategy captured in Agenda 2030.

Role and Core Values of the OPM

The OPM is characterized by a fast paced, engaging and dynamic office culture. It is one that helps staff cultivate that sense of pride in knowing and believing that the unit contributes to the accomplishment of outcomes that lead to sustainable national development. Its primary role is to support the Prime Minister in fulfilling his constitutional functions as the general lead in the conduct of Government business.

The overarching goal of the Office of the Prime Minister is to improve service delivery through embracing these under-mentioned core values:

- ◆ Respect for democracy
- ◆ Impartiality
- ◆ Non-partisanship
- ◆ Loyalty
- ◆ Integrity
- ◆ Confidentiality
- ◆ Professionalism
- ◆ Accountability
- ◆ Collective Consciousness

D31 - MINISTRY OF FINANCE

Overview

The Ministry of Finance acts as the central agency responsible for overseeing the management and control of Government finances to ensure the appropriate use of public funds, which will foster sustained economic growth. The work of the Ministry of Finance is pursued partly through its oversight responsibility for resource allocation in the capital and recurrent budgets as implemented in the respective line Ministries.

Mission

To provide efficient and effective financial and economic management for sustainable national development.

Vision

To operate a financial system based on international best practices through prudent macro-economic and fiscal policies built on proper resource allocation, prudent expenditure management, the achievement of a primary surplus, savings, investments, and a stable financial sector.

Core Values

The Ministry of Finance has been predominantly known for resource mobilization and expenditure management within the Public Service. This stems from staff that is committed to functioning with integrity, possess the required expertise and problem-solving skills as it provides services to clients through the effective use of resources. These values guide the actions of the staff of the Ministry. The Ministry is therefore committed to:-

- Financial credibility
- Prudence and frugality
- Integrity
- Accountability
- Knowledge
- Productivity
- Excellence
- Rule of law

Key Results Areas

KRA#1	Public Expenditure Management & Financial Accountability
KRA#2	Macroeconomic Policy, Development Planning, and Reporting
KRA#3	Revenue Collection
KRA#4	Organizational & Managerial Effectiveness of the Ministry of Finance
KRA#5	Ensure compliance with Public Procurement Act, Regulations and other documentation
KRA#6	Financial Sector Management and Services
KRA#7	Relations with External Financial Institutions
KRA#8	Resource Mobilisation and Management
KRA#9	Investment Promotion, Marketing, and Facilitation
KRA#10	Ensure that all buildings meet international safety standards with maintenance procedures and safe for use of personnel utilizing such facilities

Goals

- To be most efficient in resource generation, allocation, and utilization;
- To provide very clear, informed and objective leadership on financial management issues;
- To provide annually a fiscal framework within which the budget can be prepared and executed;
- To work towards a current account and a primary surplus on an annual basis;
- To provide the enabling environment for local as well as foreign investments;
- To collect, collate, analyze and disseminate statistical information relevant to national development;
- To create an environment in public procurement that is equitable, open, fair, and transparent and beneficial for the efficient use of resources.

Divisions within the Ministry

The Ministry of Finance has a complement of thirteen (13) Divisions, namely:

- Accountant General's Office;
- Budget Unit (includes Debt, Budget Management);
- Central Procurement Unit
- Central Statistical Office
- Citizenship by Investment Unit
- Customs & Excise Division;
- Financial Services Unit
- Inland Revenue Division;
- Invest Dominica Authority
- Macroeconomic and Policy Planning Unit
- Office of the National Authorizing Office
- Policy Formulation and Administration
- Building Maintenance Unit

D32 - Ministry of Blue and Green Economy, Agriculture and National Food Security

Overview

Historically, the Sector has been defined as the primary production of crops, livestock, forestry, and fisheries sub-sectors, and food and non-food processing of raw material outputs from the same at the micro and small-scale level served as the backbone of Dominica's economy. The Sector creates employment, supplies wholesome foods, and maintains socio-economic growth and development, as regards its contribution to rural livelihoods and food and nutrition security. The introduction of the blue economy, the green economy, and renewable energy into the new portfolio, strategically position the country to augment its reach as it relates to socio-economic opportunities in the sphere of marine, ocean, land, and renewable energy resources.

Mission

To protect and sustainably leverage Dominica's marine and terrestrial assets, and cultural heritage in a dynamic, social and gender-inclusive manner; aimed at enhancing food and nutrition security, contributing to economic growth and improving livelihoods; achieved through a robust policy, legislative framework, enforcement mechanisms and infrastructure and with access to human, financial and technological resources.

Vision

A sustainable marine, land, and renewable energy resources sector, transformed to drive the socio-economic development of the nation, whilst ensuring the well-being of the people of Dominica.

Core Values

The core values are guiding beliefs about how things should be done and represent how the Ministry of Blue and Green Economy, Agriculture, and National Food Security will provide services to customers and stakeholders. The Ministry's actions will be guided primarily by the core principles of the Public Service (Public Service Bill).

- Respect for democracy
- impartiality
- non-partisanship
- loyalty
- integrity
- accountability
- stewardship and excellence

Key Results Areas

- KRA#1** Increase production and productivity of land, marine, renewable resources and enterprises using climate-resilient resources.
- KRA#2** To strengthen institutional capacity.
- KRA#3** To build an effective policy and legislative framework.
- KRA#4** To promote the effective and efficient exploitation of renewable energy resources for economic viability.

- KRA#5** Development of priority value chains towards economic viability.
KRA#6 Fostering gender, social equity community, and stakeholder inclusiveness.
KRA#7 To enhance National Food and Nutrition Security, Agricultural Health, and Food Safety.

Goals

- Effective and efficient leadership
- To establish Dominica as the Global Centre for Agricultural Resilience
- To increase the contribution of agriculture to the GDP/ economic growth
- To create the enabling environment for national food security
- Sustainable use of natural resources in the sector (i.e. marine, terrestrial and energy)
- Enhance livelihoods in the sector
- Poverty reduction
- Enhance food production
- Promotion of growth in the green and blue economy and increase contribution to GDP

Divisions/Units within the Ministry**Divisions**

- Fisheries
- Agriculture

Units

- Policy Formulation and Administration Unit
- Extension Services Unit,
- Livestock Development Unit,
- Plant Propagation Unit,
- Plant Protection Quarantine Unit.

D33 - Ministry of Education, Human Resource Planning, Vocational Training and National Excellence

Overview

Subsequent to the Establishment of the Education Act in 1997, there has been significant progress in education in Dominica. The widening of access to Education and improvements in the quality of education produced many accomplished citizens who continue to contribute to national development. Dominica's education system is guided by the principle that all citizens can learn and should be afforded access to education.

As reflected in the previous mission statement of the Ministry of Education, the purpose of education '*is to prepare all citizens to live productive lives in a complex and changing society*'. This overarching mandate guided the government's investment in the modernization of the sector. Cabinet's approval and subsequent implementation of a National Curriculum framework in 2006, encouraged renewed efforts to promote Technical Vocational Education and Training (TVET) and Information Communication Technologies (ICTs) in schools. These initiatives provide students on a path to success based on varied educational options.

In the past two decades, the sector has been redefined by the creation of full access to education at the early childhood, primary and secondary levels and significantly expanded access to Tertiary Education.

Mission

To educate and prepare all students to live productive lives in a complex and changing society.

Vision

Every Learner Succeeds

Core Values

Fundamental to the success of the entire Ministry of Education and Human Resource Planning, Vocational Training, National Excellence are these basic values and key principles, which will guide individual and collective actions, and underpin developments for every learner:

- Empowerment
- Personal Development
- Child Friendly
- Inclusive
- Effective
- Quality
- Integrity
- Spiritual Growth
- Innovative
- Creative
- Diversity
- Excellency
- Efficient
- Mastery

Key Results Areas

- KRA#1** Improve, expand, and ensure access to and participation in education at all levels.
- KRA#2** Enhance the quality and efficiency of educational services.

- KRA#3** Enhance management & governance functioning within the education system enhancing quality.
- KRA#4** Enhance appropriate and diverse curriculum & assessment strategies.
- KRA#5** Establishing standards and practices for construction of schools in alignment with national resilience guidelines.
- KRA#6** Building resilience within the education system.
- KRA#7** Reporting monitoring, evaluation.

Strategic Objectives

- Ensuring inclusive and equitable Quality Education and promoting lifelong learning opportunities for all is at the heart of the Ministry's strategy.
- Ensure access to inclusive and quality education for all learners at all levels including early childhood education.
- Ensure inclusive quality and relevant education to all learners, leverage learning technology to foster collaboration & personal learning and empower our staff
- Ensure quality, efficiency, and good governance of educational institutional performance, including the delivery of teaching, review operational procedures, and implement changes for optimal staff levels.
- Ensure safe, conducive, and challenging learning environments, close proficiency gaps in student achievements, and develop a culture of customer service.
- Strengthen the capacity for resilience through developing science, innovation, technical and vocational education and to attract and prepare students for higher education and to meet the labor market needs of Dominica, provides skills for employment and economic development in Dominica. Embed 21st-century innovation and creativity into the educational experience
- Provision of quality, efficient, transparent administration services in accordance with quality standards

Divisions within the Ministry

- School Operations Unit
- Curriculum, Measurement and Evaluation Unit
- Education Planning Unit
- Early Childhood Unit

D34 - Ministry of Housing & Urban Development

Overview

The Ministry of Housing and Urban Development (MHUD) is charged with the responsibility of providing leadership in coordinating the construction of resilient housing across the communities in Dominica, augmenting urban centers, and supporting the improvement of existing housing stock to become compliant to national building standards, and facilitating major national development initiatives within the public and private sectors.

Mission

To facilitate the development of a built environment for sustained economic growth through access to affordable resilient housing solutions, responsible land use, and well-planned augmented urban centers that enhance the quality of life of the citizens of Dominica delivered with technically sound, effective, and efficient public services.

Vision

To become an efficient government agency responsible for the provision of affordable housing, the development of urban centers, and the sustainable use of land resources that contributes to the socio-economic development of Dominica.

Core Values

The Ministry encourages innovation, resilience, and sustainability through the core values of:

- Teamwork – ensure a supportive environment and work culture where each one can depend on and complement each other's effort for greater organizational performance;
- Accountability – accountable to all stakeholders by ensuring efficient, economical, effective, and prudent administration of public resources;
- Professionalism - due regard and commitment to quality assurance and efficiency;
- Diligence - dedicated application and effort in getting the job done;
- Respect - responsive to public needs and rewarding abilities and achievements;
- Loyalty - devotion and steadfastness to duty, colleagues, authority, and country.

Key Results Areas

- KRA#1** Build five thousand (5,000) new modern sustainable affordable resilient homes in Dominica and increase the overall contribution of the housing sector to economic growth and reduction unemployment and poverty.
- KRA#2** To provide access to safe and suitable lands for recreational, industrial, residential, educational, health, and infrastructural development and environmental protection consisted of the national land-use policy.
- KRA#3** To create an *“inclusive, safe, resilient and sustainable”*, city along with the development of the urban centers.

Goals

The Ministry of Housing and Urban Development herein seeks to:

- Build five thousand (5,000) modern affordable sustainable resilient homes;
- Use and manage land resources sustainably for national development;
- Augment the development of urban centers: Roseau and Portsmouth; and
- Provide technically sound and effective public service with value for money

D36 - Ministry of Health, Wellness and New Health Investment

Overview

The Ministry of Health Wellness and New Health Investment has the overall responsibility to develop and promote health, using a collaborative approach, with various stakeholders whilst keeping abreast with current standards of international practice. In its quest to provide quality Health, the ministry recognizes the importance of keeping with the government's mandate of Dominica becoming the first climate resilience country in the world. In this regard, the Ministry will seek to improve, promote and enhance the ability of persons to contribute to their wellbeing through its leadership, effective and efficient policy formulation, resource mobilization, as well as the monitoring and regulation of delivery of health care services. Built on the Primary Health Care (PHC) model of care, the Ministry attempts to provide Universal Health Care (UHC) coverage to all residents and will, therefore, fulfill its mandate through the implementation of various programmes to meet the needs of the populace.

Mission Statement

To create supportive environmental and social programs that will enhance the ability of the populace, to better manage their health and welfare, by promoting a high quality of life through preventive, curative, primitive, rehabilitative health care and social support services.

Vision Statement Building a more Resilient Health and Social Services System

Core Values (adopted from the Public Service Act) the functions and powers for public officers are enshrined in the following values:

- Respect for democracy
- Impartiality
- Non-partisanship
- Loyalty
- Integrity
- Accountability
- Stewardship and excellence

Key Result Areas:

- KRA #1** Renew focus on Primary Health Care Services Strengthen capacity to deliver client-centered services;
- KRA #2** Strengthen Secondary Health Care Services capacity to deliver client-centered services;
- KRA #3** Create a culture of sharing and giving of information with the private sector (Open House policy)
- KRA#4** Provide avenues for collaboration
- KRA #5** Involve greater private sector involvement in the provision of health care services
- KRA #6** Develop the appropriate HR skill mix to sustain the health and social services system
- KRA#7** Develop HR information system

KRA #8	To transform internal processes and procedures to significantly improve service quality
KRA #9	To procure equipment based on health needs
KRA#10	To ensure the safety, efficacy, and quality of medical equipment/technology
KRA #11	To distribute the burden of financing health care
KRA #12	To redistribute resources according to priority needs
KRA#13	To provide appropriate and sustainable technological services
KRA #14	To optimize the use of resources
KRA#15	To determine the cost of providing services
KRA#16	To monitor/track the flow of money through the system
KRA#17	To reduce stigma and discrimination among the general population of persons with Mental health disorders
KRA#18	To strengthen efforts aimed at the prevention of mental health disorders
KRA#19	To promote and protect the health and wellbeing of older persons
KRA#20	Improved access to health and social services care for persons living with disabilities
KRA#21	To reduce social and economic inequalities
KRA#22	To reduce the incidence of abuse among the vulnerable groups
KRA#23	Health promotion focus on behavioral change through prevention and empowerment of communities Strengthen
KRA#24	Research, surveillance, monitoring, and evaluation
KRA#25	Development of healthy public policies
KRA#26	Strengthen the capacity to assess the health and social services
KRA#27	Strengthen linkages between strategic and operational planning
KRA#28	Strengthen Management Structure
KRA#29	Implement Regulatory and enforcement policies for public health practice
KRA#30	To reduce the impact of emergencies and disasters in health and social services
KRA#31	To provide early detection and treatment of communicable and non-communicable diseases
KRA#32	To strengthen surveillance systems for food, vector, and water-borne diseases
KRA#33	To strengthen STI and TB programmes
KRA#34	To reduce the incidence of HIV in Dominica

Strategic Objectives:

- To maintain Health Services that respond to the needs of the populace by renewing focus on Primary and Secondary Health Care services
- To strengthen private sector collaboration in the provision of Health and Social Services
- To provide an adequate and motivated workforce equipped to provide quality health services
- To improve the Health and Social Services through the application of ICT, and safe and judicious use of medical technology
- To provide Universal access to equitable quality health care inclusive of essential medicines, through sustainable financing, aligned to national priorities

- To improve the health and quality of life of selected vulnerable groups and individuals in the population
- To empower individuals to take responsibility for their health and well being
- To strengthen the institutional structure of the Health and Social services system
- To strengthen the legislative framework of the Health and Social services system
- To manage Communicable and Non-communicable Diseases by reducing morbidity and mortality through early detection and prevention

Divisions within the Ministry

- Laboratory Services
- Pharmaceutical Services
- Preventive Curative and Rehabilitative Medical Services
- Oral Health Services
- Surveillance of Diseases and Information System for Health and Social Services
- Family Planning
- Food and Drug Regulation
- Health and Social Services
- Hospital and Health centers
- Environmental Health
- Care and protection of Children and Young persons
- National and Public Assistance
- Welfare Services

D38 - Ministry of Environment, Rural Modernization and Kalinago Upliftment

Overview

Over the past five (5) years the Commonwealth of Dominica's susceptibility to the impacts on climate change continues to increase in frequency as well as intensity. In August 2015, Tropical Storm Erika severely impacted the country following intense rainfall which caused catastrophic flooding. This resulted in the loss of lives and the displacement of over 1,000 persons. Two years later, Hurricane Maria was responsible for damages and losses over EC\$1.3 billion. These disasters prompted the Government and the international community to take steps to address disaster adaptation and mitigation as a national priority and tackle environmental challenges from a development perspective. As a result of the Government's commitment to resilient development, the Ministry of Environment, Climate Resilience, Disaster Management, and Urban Renewal birthed in April 2018 to champion climate change challenges facing the country. After the General Elections of December 2019, changes made to the portfolios of the Ministry to create the Ministry of Environment, Rural Modernisation, and Kalinago upliftment.

Mission

To promote environmental sustainability through modern resilience practices, policies, and programs.

Vision

To position the Commonwealth of Dominica at the forefront of sustainable environmental management within a climate-resilient framework while creating employment opportunities, improving the quality of life of the Kalinago people, and promoting rural modernization.

Core Values

- Resilience
- Effective and efficient communication
- Tolerance
- Spirit of Industry and Enterprise
- Self-Empowerment
- Empowerment of the indigenous people
- Dedication
- Commitment
- Integrity
- Accountability
- Inclusiveness
- Professionalism & Excellence

Key Results Areas

- KRA#1** Strengthened public awareness of climate change and environment
- KRA#2** Sustainable growth and development in the Forestry sector
- KRA#3** Modernized management processes for protected areas
- KRA#4** Improved collection of solid waste island-wide and service continuity post-disaster and sustainable use of the natural resource base.

- KRA#5** Improved Community Resilience, Enhanced National Emergency, Early Warning Systems and Data Hazard Monitoring Systems.
- KRA#6** Strengthened implementation of Multi-lateral environmental agreements and enhanced climate change policies and legislation.
- KRA#7** Improved economic and sustainable Kalinago community with an enhanced standard of living.
- KRA#8** Increased national appreciation for the value and sacrifice of the Kalinago people.
- KRA#9** Improved agricultural sector with special emphasis on short term and high-value crops in the Kalinago community for local consumption and export.
- KRA#10** Development of small projects and programs nationally to ensure the economic sustainability of citizens.
- KRA#11** Enhancement of Governance structures.
- KRA#12** Job Creation and Placement – NEP

Strategic Objectives

- To coordinate with public and private sectors, non-governmental organizations, and civil society organizations implementation of Government's risk reduction strategies, geared towards proper environmental management, waste management, and the creation of resilient rural communities.
- To establish a legal framework for climate change including environmental management and climate financing.
- To provide capacity building in resilience monitoring and evaluation.
- To establish a strong coordination mechanism within the Ministry to serve as a hub for the Government's climate resilience efforts.
- To promote collaboration and coordination across Government Ministries on indigenous policies and programs
- To set priorities for and to track the progress of Dominica's indigenous agenda
- To enhance the government's awareness of the Kalinago people, issues, and best practices for consulting and engaging with the Kalinago people.
- To encourage diversity, especially the representation of Kalinago people, in the Dominica Public Service.
- To develop International/ regional relations with other indigenous people.
- To provide professional recruitment services that match employers with employees/interns to form successful work relationships.

Divisions within the Ministry

- Environment
- Forestry, Wildlife and Parks Division
- Dominica Solid Waste Management
- Constituency Empowerment
- Kalinago Affairs
- Disaster Vulnerability Reduction Project (DVRP)
- National Employment Program

D39 - Ministry of Tourism, International Transport and Maritime Initiative

Overview

Tourism is a major pillar that supports the Dominican economy as such the infrastructure, security, and safety of visitors are critical to the sustainability of this very volatile sector. Therefore, the Government of the Commonwealth of Dominica through the Ministry of Tourism International Transport and Maritime Initiatives will seek to position the Tourism Sector on a level comparable to and even advance of that of other destinations in the Caribbean and beyond by making the appropriate investment in infrastructure, human resource, and marketing.

Mission

To develop tourism in a responsible manner that will involve, engage, and benefit all Dominicans, conserve the natural environment, preserve the authentic Dominican Culture, and exceed the expectations of guests.

Vision

To establish Dominica as a resilient and guest-centered destination that is responsive and economically viable

Core Values

These are the fundamental beliefs of a person or organization. The **core values** are the guiding principles that dictate behavior and action.

- Excellence
- Integrity
- Professionalism
- Productivity
- Responsibility
- Accountability
- Commitment
- Environmental stewardship

Key Results Areas

- KRA#1:** Developed and effectively utilize Tourism Sites and Attractions in a Sustainable Manner
- KRA#2:** Developed highly skilled and motivated staff and stakeholders utilizing best practices
- KRA#3:** Updated Policies and Legislation – (MOT)
- KRA#4:** Fostered understanding, growth, and development in Community, Cultural and Heritage Tourism
- KRA#5:** New and Enhanced Tourism Products and Services (Ministry of Tourism)
- KRA#6:** Improved Market Driven Promotion
- KRA#7:** Building a Climate Resilient Tourism
- KRA#8:** Improved Air and Sea Access
- KRA#9:** Monitor and Adherence to Government Maritime Policies
- KRA#10:** Implement Waste Management [MARPOL 73/78, Annexes)
- KRA#11:** Administer Ship Registration Programme

KRA# 12 Resilient and Enabling Business Environment

KRA#13 New and Improved Policy and Legislative Framework

KRA#14 Trained and Nurtured Entrepreneurs

KRA#15 MSME to Embrace Digital Economy Platform

Goals

- We commit to making tourism a major contributor to Dominica's sustained economic growth by increasing the volume and value of tourism by an annual average of 12.6 percent.
- We commit to making Dominica the number one tourism destination in the OECS
- We are committed to diversifying product offerings to exceed visitors' expectations
- We commit to creating the enabling environment for the development of tourism at community and national levels
- We commit to providing a high level of service which is characterized by excellence
- We commit to supporting programs which help to promote and preserve all the various aspects of Dominica's arts, culture, heritage, and natural environment
- We commit to delivering training and undertaking business-related activities that contribute significantly towards the alleviation of poverty and an increase in prosperity
- We commit to embracing modern technology to ensure safe and more efficient passenger and trade facilitation
- We are committed to creating a vibrant and well-regulated maritime sector
- We commit to promote the sustainable use of the terrestrial and marine resources

Divisions within the Ministry

- We comm
- Discover Dominica Authority
- Dominica Air and Sea Port Authority
- Maritime Administration Unit
- Small Business Unit

D44 - Ministry of Sports, Culture & Community Development

Overview

The Government of the Commonwealth of Dominica is of the view that sport is an important contributor to the health and well-being of Dominicans, to national pride, and to the social and economic advancement of the country.

It is the Ministry's desire to preserve, promote and develop Dominica's culture and all its various expressions through facilitating of training in the arts; providing of support for the local cultural industries and encouraging of cultural exchange with other countries. For the expressed purpose of building national identity for stimulating social inclusion and strengthening of the creative sector greater economic rewards.

Of equal importance is the use of the Post Office and Cooperatives as very viable means of transforming the wellbeing and quality of lives, particularly, within small and rural communities through the advancement of entrepreneurship.

Through the renewed focus of Community Development Division grassroots inclusion shall be purposefully nurtured for "mobilizing and empowering people to come together to take action on what's important to them".

This shall be the integrated and harmonized approach of the Government for cultivating the social capital and collective consciousness for transforming a Dynamic Dominica into the first climate resilient nation of the world. Adopting a development agenda designed to transform Dominica into an example for sustainable development and climate resilience for the world.

Vision

To develop a socially, economically and culturally vibrant people living within environmentally sustainable and peaceful communities by 2030.

Mission

Core Values

- I. The Golden Rule (treat others with dignity & respect);
- II. Empathetic;
- III. Pride in country;
- IV. Professional;
- V. Passionate;
- VI. Peaceful

Divisions within the Ministry:

The Ministry of Sports, Culture and Community Development composes of the following Divisions/Programme which includes:

1. Policy Formulation and Administration

D46 - Ministry of Planning, Economic Development, Climate Resilience, Sustainable Development and Renewable Energy

Overview

The portfolios of Planning, Economic Development, Climate Resilience, Sustainable Development and Renewable Energy are critical to the continued development of Dominica. Planning within the broad context of macroeconomic, social and geospatial development is critical to a resilient, sustainable and dynamic Dominica agenda 2030. Economic Development is at the center of this agenda as it provides sustained and sustainable growth paradigms for the continued prosperity of citizens and the advancement of the political mandate. In the local domain, national policy objectives, programmes and projects aim to accelerate economic diversification and growth. The Ministry is therefore pivotal in this process of economic transformation and expansion. Additionally, within the context of the National Vision to make Dominica the first Climate Resilient Country in the World, the Ministry has the responsibility to ensure that the National Resilience Development Strategy (NRDS) and the Climate Resilience and Recovery Plan (CRRP) remain active and are strategically implemented and regularly assessed. The Ministry is committed to reducing carbon emissions in Dominica by fostering a clean and green environment through the use of renewable energy resources.

Vision

A critical stakeholder and leader in planning, monitoring and evaluating the development of a dynamic, modern, sustainable, climate resilient and digitally advanced Dominica.

Mission

To function as the leading pivotal driver of transformation for the realization of a sustainable, resilient and Dominica with a focus on people centered development, strengthened partnerships, a peaceful and just society, preservation and sustainable use of the planet and prosperity for all.

Core Values

The following core values, adopted from the Public Service Charter will guide our principles and virtues:

- Respect for democracy
- Impartiality
- Non-partisanship
- Loyalty
- Integrity
- Accountability
- Stewardship and excellence
- Reciprocity
- Resilience
- Connectivity

The officers of the Ministry have agreed to maintain high professionalism, foster good governance and participation, and maintain our development responsibility by producing excellent quality research and development outputs, and ensuring that these outputs uphold social responsibility and high ethical standards.

Goals of the Ministry

- To provide good governance, leadership, and resource support that will create the enabling environment to achieve the Ministry's mandate;
- To facilitate the optimal implementation of Government's dynamic development policies, strategies and plans in support of resilient and sustainable development;
- To contribute to improving investment planning through the Public Sector Investment Programme;
- To develop and support the national data infrastructure that underpins high-quality research;
- To inform economic and social policymaking and analysis by undertaking rigorous research into various socioeconomic challenges, their causes and consequences in Dominica;
- To facilitate the physical development of Dominica through planning laws, regulations and standards to achieve a safe, resilient and orderly built environment;
- To create and enabling environment that encourages the alignment of public and private sector policies, plans and programmes to national development priorities;
- To localize, promote and contributed to the goals postulated in the Dominica Climate Resilience and Recovery Plan 2030, the UN Agenda 2030, the Sendai Framework and the SAMOA Pathway, the OECS Development Strategy and the CARICOM Development Strategy;
- To lead the socioeconomic transition of Dominica into renewable energy and energy efficient technologies by 2030, and thereby, contribute to Net Zero carbon transmission by 2030.
- In collaboration with the Climate Resilient Execution Agency of Dominica (CREAD) to guide Dominica Climate Resilience vision through collective and intentional actions.

Strategic Objectives

- Effectively provide resources, policy directions and support for the transformative and efficient administration of the Ministry to achieve its mandate;
- Lead the formulation, adaptation, and monitoring of the implementation of the National Development Framework;
- Create and disseminate high quality, policy-relevant research that supports the strategic decision and problem-solving of socio-economic development issues;
- Stimulate economic growth and development within the telecommunications sector through the use of innovative and secure media and broadband technologies, supported by regulatory and legislative reform;
- Plan and coordinate strategic development through integrated resource planning, and monitoring and evaluation of strategic plans, programmes, and projects;
- Designate and regulate the use of land and the establishment of the physical infrastructure to meet the country's physical, economic and social development goals;
- Foster the advancement of renewable energy utilization with a strong emphasis on geothermal energy development, reduction of Green House Gases, and the promotion of a clean and green Dominica concept;
- Promote the integration of the Sustainable

Division within the Ministry

- Policy Formulation and Administration Division / Office of the Permanent Secretary
- Office of the Chief Development Planner
- Economic Planning Unit
- Public Sector Investment Programme Unit
- Social Planning Unit
- Physical Planning Division - Town and Country Planning
- Renewable Energy Unit
- Green Climate Fund Project Implementation Unit

Priority Focus Areas

KRA 1: Economic Growth, Resilience and Sustainable Development

KRA 2: Economic Planning and Research

KRA 2: Social Planning and Research

KRA 3: Physical Planning and Land Use Management

KRA 4: Capital Investment (PSIP) and Resource Mobilization (Technical, Financial and Development)

KRA 5: Climate Resilience Initiatives, policies and Action Plans (DRR, DRM and CCA)

KRA 6: Renewable Energy and Energy Efficiency Programmes and Technology

Overview

The Establishment, Personnel and Training Department (EPTD) is the arm of the Government of Dominica established by law (Section 17 of the Public Service Act Chapter 23:01 of the 1991 Laws of Dominica) to manage, direct and control the Public Service, subject to Sections 68 and 85 to 90 of the Constitution of the Commonwealth of Dominica.

The EPTD has, inter alia, to administer or ensure the administration of regulations governing the Public Service and to ensure that efficiency is maintained in the Public Service. The EPTD plays a critical role in the management of the Public and Police Services. It is responsible for maintaining a Classification of Offices in the Public Service and ensuring that this Classification is observed; for keeping under review the pay and allowances payable to public officers and for ensuring that opportunities in the Public Service for promotion are based on merit, ability and integrity. The EPTD ensures that public service obligations are carried out while at the same time providing an acceptable working environment for public officers by treating with public sector representative bodies and/or public officers in respect of classification of offices, grievances, pay and allowances and terms and conditions of employment.

Vision

A productive and dedicated Public Service that is responsive to local and global challenges.

Mission

To develop and manage a productive, efficient, dedicated Public Service outfitted with the best-trained staff, operating systems, protocols and procedures that are highly responsive in every circumstance.

Core Values

The Management and Staff of Establishment, Personnel and Training Department are citizen-focused in the delivery of services to Government, members of the public and every single citizen of Dominica. The overarching goal is to improve service delivery through embracing these under-mentioned core values:

- Respect for democracy
- Impartiality
- Non-partisanship
- Loyalty
- Integrity
- Accountability
- Stewardship and excellence

Divisions and Units within the Department

1. Public Service Training Centre
2. Resourcing (Human Resource Development)
3. Financial Management
4. Facilities Management
5. Public Sector Reform
6. Information and Communication Technology

Goals of the Department

1. To recruit, train and deploy a highly skilled, productive, healthy and efficient workforce which adapts readily to the changing operational environment
2. To strengthen support structures and systems in the Public Service in creating a sound foundation for human resource development practice
3. To ensure that human resource development in the Public Service is effectively governed in order to promote successful implementation of the Strategic Plan
4. To align human resource policies and processes with government's priorities

Key Result Areas

1. Improved Human Resource Management
2. Increased Public Sector Performance
3. Promotion of Governance and Institutional Development
4. Effective Government Initiatives for Economic Growth and Development

D52 - Ministry of Public Works and the Digital Economy

Overview

The Ministry of Public Works and Digital Economy has been given the mandate for the development of the digital economy in Dominica and the administration and implementation of the physical and digital infrastructure and management of Dominica's abundant water resource. The Ministry also seeks to develop a more proactive approach to the management of its affairs to ensure the effective delivery of services, in keeping with the needs of all stakeholders, the current trend of globalization, and the phenomenal pace of technological advancement. To ensure optimal delivery of services, the Ministry will place greater emphasis on recognizing and sensitizing its human resources. The Ministry will seek to constantly monitor the road network for timely, cost-effective maintenance and development and develop the required framework for the development of a sustainable digital economy.

Mission

To develop resilient physical infrastructure and provide digital services that can withstand and/or recover quickly from adverse events through improved; standards, institutional systems, and regulatory oversight.

Vision

Resilient infrastructure, integrated technology

Core Values

The Ministry of Public Works and Digital Economy is committed to responding to emerging challenges and to ensure quality service delivery to the general public and subscribes to the following:

- Structured
- Responsiveness
- Integrity
- Economical
- Dedication
- Equity

Key Results Areas

- KRA#1:** To identify, assess, and reduce the risks of disaster, socio-economic vulnerabilities to disaster as well as dealing with the environmental and other hazards that trigger them.
- KRA#2:** Utilize a multi-dimensional approach to contain and reduce crime, including more effective law enforcement and policing and social interventions designed to discourage a lifestyle of crime and violence, and promote Dominica as a peaceful country.
- KRA#3:** Build the capacity of the Dominican labour market to resist, adjust, and quickly recover from negative shocks.
- KRA#4:** Police Stations and the Prison should be resilient and built to withstand natural disasters to ensure the safety of officers and offenders during and after a disaster.

Goals

- Develop a safe, and accessible road network in good condition
- Mitigate flood & landslide risks
- Provide efficient & effective electrical service through improved regulatory oversight and enforcement
- Provide green and affordable electricity
- Effective project management and technical support provided to Government ministries and agencies
- Provide island-wide access to sustainable safe and affordable potable water, and sewerage services
- Increased the percentage of businesses using the internet as a business tool and a catalyst goal
- The creation of an enabling environment for the protection of the public and private sectors from virtual and physical cyber vulnerabilities and threats.
- Development of advanced digital skills to jobs pipeline program aimed to provide access to global calibre digital skills training/certifications and support for remote-working enabled placements with global companies/clients
- Enabler of digital government, to support public sector productivity and extend key digital public services to the citizens of Dominica.

Divisions within the Ministry

- Policy Formulation and Administrative Unit
- Technical Service Division
- Electrical Division
- Information and Communication Technology Unit

Agencies

- Dominica Water and Sewage Company (DOWASCO)
- Independent Regulatory Commission (IRC)
- Public Works Corporation (PWC)

D53 - Ministry of Foreign Affairs, International Business and Diaspora Relations

Overview

The Ministry of Foreign Affairs, International Business and Diaspora Relations embraces and plans for a new mandate: ensuring that the Commonwealth of Dominica is recognized internationally as a leader and pioneer not only in climate diplomacy but in holistic and integrated resilience building. This is a representational mandate that cannot be implemented without the closest support from and partnerships with all our bilateral, multilateral partners and line Ministries of the Government of Dominica. Also, the Ministry desires to facilitate, ensure and maintain Dominica's proactive presence and success in this fast-changing world, the biggest challenge of our Foreign Relations in the coming years, paying attention to building on the representational strengths and successes that we have garnered over time.

Mission Statement

The Ministry of Foreign Affairs, International Business and Diaspora Relations commits to represent, promote and protect the Commonwealth of Dominica's interests, image, and sovereign equality; contribute to the formulation and implementation of a progressive foreign policy underpinned by appropriate research and analysis in coordination with our partners intended to advance national development, resilience building, and regional integration.

Vision Statement

A resilient Ministry, with a vibrant foreign policy, highly trained and motivated staff, pivotal to the overall development of the Commonwealth of Dominica.

Core Values

The **core values** are the guiding principles that dictate behavior and action.

- Confidentiality and loyalty
- Diplomacy
- Respect
- Teamwork, sharing, and inclusion
- Professionalism
- Productivity
- Resilience

Key Result Areas (KRAs)

- KRA#1:** Increased facilitation and coordination of activities related to Dominica's multilateral relations.
- KRA#2:** Continued cordial and fruitful bilateral relations.
- KRA#3:** Increased appointment of Ambassadors, Honorary Consuls, and diplomatic hubs.
- KRA#4:** An institutionalized cadre of highly skilled and motivated human resource
- KRA#5:** A resilient ministry established with a robust infrastructure.
- KRA#6:** Enhanced functional networks.

Strategic Objectives:

- To conduct periodic research and review of the various conventions, treaties, and agreements and membership in multilateral organizations.
- To ensure effective representation in fora and meetings.
- To conduct reviews of bilateral partners
- To encourage exchanges (cultural, trade, etc.)
- To facilitate periodic high-level visits
- To expand Visa Waiver Agreements for holders of diplomatic, service/official and ordinary passports
- To formalize a policy on diplomatic and consular representation
- To identify target countries for the appointment of diplomatic and consular personnel.
- To identify target countries and appoint representatives in diplomatic hubs.
- To review the organizational chart and job descriptions.
- To identify areas of interest and facilitate training opportunities.
- To prepare Standard Operating Procedures (SOP).
- To acquire, install, and implement an effective document management system with a backup power supply.
- To optimize the use of overseas missions.
- To improve collaboration with current overseas missions and consular representatives
- To promote better cooperation with line ministries.

Divisions within the Ministry

The Ministry of Foreign Affairs, International Business and Diaspora Relations comprises of the following:

- Political Affairs Division
- Consular and Protocol Divisions
- Overseas Missions

D53 - Foreign Affairs, International Business and Diaspora Relations

D55 - Ministry of Youth Development and Empowerment, Youth at Risk, Gender Affairs, Seniors' Security and Dominicans with Disabilities

Overview

The Ministry's key priority areas, youth empowerment and development, promotion of gender equality and equity, provision of social services and care for vulnerable groups including children, elderly, and persons with disabilities, are inextricably linked with local, regional, and international priorities. More specifically, the principle of "leaving no one behind" of the Sustainable Development Goal Agenda 2030 articulates that for the goals to eradicate poverty and break the cycle on inequality, interventions must benefit all citizenry. Thus, the Ministry's overall aim is to provide efficient and effective services to the Dominican population, including the most vulnerable, geared towards their empowerment in the quest for resilience and self-enhancement to better contribute to the socio-economic development of Dominica.

Mission

The enhancement of the quality of life for the Dominican population with a specific focus on youth, the vulnerable and the persons with disabilities; and the cultivation of a spirit of resilience through the implementation of appropriate and empirical interventions

Vision

A resilient and empowered people contributing to Dominica's holistic development

Core Values

The core values governing the Ministry of Youth Development and Empowerment, Youth at Risk, Gender Affairs, Seniors' Security, and Dominicans with Disabilities are:

- Professionalism & Excellence
- Partnership & Collaboration
- Confidentiality
- Inclusiveness
- Accountability
- Trust & Integrity
- Patriotism
- Stewardship
- Realism & Pragmatism
- Empathy

Key Results Areas

KRA#1: Policy Formulation, Development, and Management

KRA#2: Provision of technical, vocational and social related skills training for men, women, and youth

KRA#3: Strengthened mechanisms to manage gender issues and promote gender mainstreaming

KRA#4: Providing holistic care and protection for vulnerable persons

KRA#5: Increased access to opportunities for persons with disabilities

KRA#6: Delivery of specialized social services

KRA#7: Building a resilient population through community empowerment, entrepreneurship, training, enterprise development, and social interventions

Strategic Objectives

- Formulate and administer policies to guide programs of the Ministry
- Provide for an improved structure for the delivery of social services
- To foster a social and economic environment for men, women and young people to acquire the skills and experience required to access existing and future employment opportunities and to effectively address their various social and economic challenges
- To increase access to education and training opportunities for youth, out-of-school youth, and youth with special needs
- To promote gender equity and equality and create the necessary framework for gender mainstreaming in Dominica
- To provide care and protection for senior citizens, children, young persons, youth-at-risk and persons with disabilities while preserving their dignity and sense of worth
- To advocate for and provide relevant assistance geared towards the well-being of persons with disabilities;
- To provide a responsive social services delivery system to meet the needs of individuals, families, and communities
- To implement programmes aimed at poverty reduction and social protection for vulnerable groups
- To facilitate improved access to resources for participation in social and economic development
- Promote the acquisition of skills for a more resilient society

Divisions within the Ministry

- Youth Development Division
- Social Welfare Division
- Bureau of Gender Affairs

Programmes
